COMPANY ANNOUNCEMENT

*The following is a Company Announcement by Phoenicia Finance Company p.l.c. (C 88958) (hereinafter the “Company”) of The Phoenicia Hotel, The Mall, Floriana, pursuant to the Malta Financial Services Authority Listing Rules:*

**Quote**

The Company hereby announces that the Board of Directors of Phoenicia Hotel Company Limited (OC 1) and Phoenicia Malta Limited (C 41576), each a guarantor of the €25,000,000 4.15% Unsecured Bonds 2023 – 2028 (the “Guarantors”), have today considered and approved their respective audited financial statements for the year ended 31 December 2020. The said financial statements of the Company and the Guarantors are enclosed herewith and available for viewing on the Company’s website at <http://www.phoeniciafinance.com/financial-statements/>.

In addition, the Board of Directors of each of the Guarantors have also considered and approved the combined financial statements of the Guarantors and the Company for the period ended 31 December 2020. These combined financial statements are not required statutorily and have been prepared for comparative purposes with the projected combined financial statements in the prospectus of the Company dated 15 November 2018 (the “**Prospectus**”). The said combined financial statements are enclosed herewith and available for viewing on the Company’s website at <http://www.phoeniciafinance.com/financial-statements/>.

**Annual Financial Statements for the year ended 31 December 2020**

---

**DIRECTORS' REPORT**

The Directors of the Company present their annual report and financial statements for the year ended 31 December 2020.

**Company incorporation**

Phoenicia Hotel Company Limited (“the Company”) is registered in United Kingdom as a private company limited by shares since 10 October 1935 with registration number 00305858. Its registered office is Eversheds House 70, Great Bridgewater Street, Manchester M1 5ES, United Kingdom. The Company is effectively operated and managed from Malta where it is registered as an overseas company with registration number OC1 since 21 April 1965. The Company’s principal activity is the operation of The Phoenicia Hotel in Malta.

**Principal activity**

The Company’s principal activity, which is unchanged since last year, is the operation of Phoenicia Hotel in Malta.

**Principal risks and uncertainties**

The Directors and executive management regularly meet to review the principal risks and uncertainties of the business. It is the opinion of the Directors that the main significant risks that may affect the business are broadly categorised as interest rate, credit and liquidity risks.

Up to the date of the present financial statements the Company did not have any hedging policy with respect to interest rate risk, as exposure to such risk was not deemed to be significant by the Directors given that the Company’s income and operating cash flows are substantially independent of changes in the market interest rate.

Financial assets that potentially subject the Company to concentrations of credit risk consist principally of cash at bank and debtors. The Company’s cash is placed with quality financial institutions whilst debtors are presented net of provision for doubtful debts. Credit risk with respect to debtors is limited since there is no concentration of credit risk.

The Company actively manages its liquidity risk by closely monitoring the maturity of its financial assets and liabilities and projected cash flows from operations. The Directors believe, that the current liability position can be redressed through the operations of the Company and unutilised banking facilities (Note 2.1 – Going concern).

**Review of the business**

The Company’s key financial performance indicators during the year were as follows:

	<b>2020</b>	2019	Change
	<b>EUR</b>	EUR	%
Revenue	<b>2,940,645</b>	13,264,688	-78
(Loss)/profit before tax for the year	<b>(4,736,922)</b>	709,737	-767
Total equity	<b>1,076,940</b>	3,432,151	-69

During the year under review revenue decreased by EUR10.3 million (2019: revenue increased by EUR331,613) representing a decrease of 78% (2019: 3%) from the prior year. The decrease in revenue is a result of the continuous disruptions throughout the year caused by the Covid-19 pandemic as further described below.

## **DIRECTORS' REPORT - continued**

### **Review of the business - continued**

During the year under review, the hotel has completed the new Spa building together with the upgrading of a number of other areas of the hotel. The Spa is managed by the world-renowned French Spa operators, Deep Nature and entails an indoor swimming pool, 5 treatment rooms, gym, studio, sauna, steam room, multi-jet showers, salt room and a water bar. The Spa offers a haven of relaxation and bespoke wellbeing solutions in its unique design, inspired by ancient Roman baths which blends with the Art Deco elements of the Hotel.

Management also continued improving various areas of the hotel so that when the market starts to rebound, hotel guests will have more opportunities to enjoy the outdoor space and gardens which the hotel has to offer.

### **Financial risk management**

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. Refer to note 20 in these financial statements.

### **Results and dividends**

The results for the year are set out in the statement of comprehensive income on page 10. The Directors do not recommend the payment of a dividend.

### **Directors**

The Directors who held office until the date of authorisation of these financial statements are stated on page 2. There were no changes in the directorship during the year. In accordance with the Company's Memorandum and Articles of Association, the present Directors are to remain in office.

### **Statement of Directors' responsibilities**

The Companies Act (Cap. 386) requires the Directors to prepare financial statements in accordance with generally accepted accounting principles as defined in the same Act, and in accordance with the provision of such Act, for each financial period which give a true and fair view of the financial position of the Company as at the end of the financial period and of the profit or loss for that period. In preparing the financial statements, the Directors are required to:

- adopt the going concern basis unless it is inappropriate to presume that the Company will continue in the business;
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- account for income and charges relating to the accounting period on the accruals basis;
- value separately the components of asset and liability items;
- report comparative figures corresponding to those of the preceding accounting period; and
- prepare the financial statements in accordance with generally accepted accounting principles as defined in the Companies Act (Cap. 386) and in accordance with the provision of the same Act.

The Directors are also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act (Cap. 386) enacted in Malta. This responsibility includes designing, implementing and maintaining such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In view of the above information, we declare that to the best of our knowledge, the financial statements were prepared in accordance with International Financial Reporting Standards as adopted by the EU, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and that this report includes a fair review of the performance of the business and the position of the Company, together with a description of the principal risks and uncertainties that it faces.

## **DIRECTORS' REPORT - continued**

### **Going concern statement**

During the year ended 31 December 2020, the Company incurred a loss before tax of EUR4,736,923 (2019: profit before tax of EUR709,737). As at 31 December 2020, its current liabilities exceeded current assets by EUR7,328,522 (2019: EUR5,335,578).

These financial statements have been prepared on a going concern basis. The Directors have made appropriate assessment of the going concern as detailed in note 2 to these financial statements and reviewed the Company's budget for the next financial year. The Directors are confident that the Company has adequate resources to remain in operation for the foreseeable future and meet its liabilities when they fall due. The Directors have therefore continued to adopt the going concern basis of accounting in preparing these annual financial statements subject to the uncertainty noted in this section.

In response to the impacts of the Covid-19 pandemic, the Government of Malta announced a number of measures to assist the affected entities and the Group has successfully obtained further finance to support working capital and liquidity requirements, amendments to existing loan facilities including a moratorium on capital and interest repayments, as well as other easing in support of the working capital and liquidity requirements of the Company and the Group. The Company and the Group are also in receipt of other Covid-19 business assistance programmes announced by the government, namely for wage supplements, deferral of taxes and other business assistance programmes as applicable. As at 31 December 2020, the Group had undrawn bank facilities amounting to EUR3.9 million.

The Group, comprising of the Company, Phoenicia Malta Limited and Phoenicia Finance Company p.l.c., which provide cross intra-group guarantees and are managed as a combined entity, has prepared projections for the upcoming 12 months and beyond, based on historical financial information, forecasts, as well as realistic assumptions to assess the financial situation. In preparing its projections the Group has considered prolonged cost cutting measures and has also considered prudent timing and constant recovery of business. Further mitigations are also available to management against unforeseen developments including effecting further cost cutting measures that can be put in place.

Notwithstanding this, in the current prevailing circumstances of the Covid-19 pandemic, management considers a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The material uncertainty identified by the Directors is the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour.

Due consideration is given to this uncertainty and mitigating factors are being taken into consideration in order to ensure the going concern of the Company.

### **Other matter**

The Company is in disagreement with the main contractor of the recent development of Phoenicia Hotel. It is also contesting claims for additional services from architects, involved in the same development. The Directors are of the opinion that no amounts are due, and accordingly, no provision is being made in the financial statements (note 24).

### **Events after the reporting period**

As Covid-19 pandemic evolves, the Government of Malta has continued to implement additional measures after year end to address the resulting public health issues and the economic impact. Since the end of the reporting year, the Government of Malta has also announced additional measures to assist the affected entities including the extension of wage supplement scheme, the extension of the moratoria granted under the Covid-19 guarantee Scheme by a further 6 months and further tax deferrals. The Company continues to monitor the situation and taking appropriate measures to minimise the impact of the Covid-19 pandemic and to continue operations in the best interests of the Company, the Guarantors and the bondholders.

# **INDEPENDENT AUDITOR'S REPORT**

## to the Shareholders of Phoenicia Hotel Company Limited

### **Report on the audit of the financial statements**

#### **Opinion**

We have audited the financial statements of Phoenicia Hotel Company Limited (the "Company"), set on pages 10 to 39 which comprise the statement of financial position as at 31 December 2020, and the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU ("IFRS") and the Companies Act, Cap. 386 of the Laws of Malta (the "Companies Act").

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the Companies Act. Our responsibilities under those standards and under the Companies Act are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) as issued by the International Ethics Standards Board of Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act, Cap. 281 of the Laws of Malta, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Material uncertainty related to going concern**

We draw attention to note 2.1 in the financial statements, which describes the impact of the COVID-19 outbreak on the Group, of which the company forms part. Note 2.1 also explains the actions and plans of the Group along with the material uncertainty related to the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour. As stated in note 2.1, these events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon other than our reporting on other legal and regulatory requirements.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **INDEPENDENT AUDITOR'S REPORT**

to the Shareholders of Phoenicia Hotel Company Limited - continued

### **Responsibilities of the directors for the financial statements**

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS and the requirements of the Companies Act, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **INDEPENDENT AUDITOR'S REPORT** to the Shareholders of Phoenicia Hotel Company Limited - continued

### **Report on other legal and regulatory requirements**

*Matters on which we are required to report by the Companies Act*

We are required to express an opinion as to whether the directors' report has been prepared in accordance with the applicable legal requirements. In our opinion the directors' report has been prepared in accordance with the Companies Act.

In addition, in the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we are required to report if we have identified material misstatements in the Directors' report. We have nothing to report in this regard.

We have responsibilities under the Companies Act to report to you if in our opinion:

- proper accounting records have not been kept;
- the financial statements are not in agreement with the accounting records;
- we have not received all the information and explanations we require for our audit.

We have nothing to report to you in respect of these responsibilities.

*The partner in charge of the audit resulting in this independent auditor's report is

## **NOTES TO THE FINANCIAL STATEMENTS**

### **1. CORPORATE INFORMATION**

Phoenicia Hotel Company Limited (“the Company”) is registered in United Kingdom as a private company limited by shares. The Company is effectively operated and managed from Malta where it is registered as an overseas company with registration number OC1. Its registered office is Eversheds House 70, Great Bridgewater Street, Manchester M1 5ES, United Kingdom. The Company’s principal activity is the operation of The Phoenicia Hotel in Malta.

### **2.1 BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE**

The financial statements have been prepared in accordance with International Financial Reporting Standards issued as adopted by the European Union and comply with the Companies Act, Cap. 386 of the Laws of Malta. The financial statements are prepared in Euro (EUR), which represents the functional and presentation currency of the Company.

The Company has prepared its financial statements in line with the general rule set out in article 387 of the Companies Act, Cap. 386 of the Laws of Malta which provides that an overseas company is to prepare its accounts in such form and manner as would be required of a company formed and registered in Malta.

The financial statements are presented in Euro (EUR), which represents the functional and presentation currency of the Company and all values are rounded to the nearest Euro, except when otherwise indicated. These financial statements are prepared under the historical cost convention.

#### *Going concern*

During the year ended 31 December 2020, the Company incurred a loss before tax of EUR4,736,922 (2019: profit before tax of EUR709,737). As at 31 December 2020, its current liabilities exceeded current assets by EUR7,328,523 (2019: EUR5,335,578).

These financial statements have been prepared on a going concern basis. The Directors have made appropriate assessment of the going concern and reviewed the Company’s budget for the next financial year. The Directors are confident that the Company has adequate resources to remain in operation for the foreseeable future and meet its liabilities when they fall due. The Directors have therefore continued to adopt the going concern basis of accounting in preparing these annual financial statements subject to the uncertainty noted in this section. The financial statements do not contain the adjustments that would result if the Company was unable to continue as a going concern.

Since the first cases of COVID-19, the impacts arising from the pandemic have persisted throughout the year, resulting in continuous disruptions to the world economy. As disclosed in previous year’s annual report, the hotel has experienced a total curtailment of its business from March to June 2020 together with a substantial reduction in demand expected for the rest of the year. The hotel adapted to the situation to safeguard the financial health of the business, where management implemented cost cutting measures whilst ensuring that the hotel was prepared to welcome guests once restrictions were lifted. The Group has continued with the works relating to the completion of the Spa whilst also refreshing a number of locations within the Hotel. Towards the end of June, the outlets re-opened and started serving guests once again with the main focus being the Bastion Pool and as from July 2020 the hotel started welcoming guests once again with the re-opening of the local airport. The new Spa, managed by the world-renowned French Spa operators, Deep Nature, also opened its door to guests toward the end of the year.

In response to impacts of the Covid-19 pandemic, the Government of Malta announced a number of measures to assist the affected entities and the Group has successfully obtained further finance to support working capital and liquidity requirements, amendments to existing loan facilities including a moratorium on capital and interest repayments, as well as other easing in support of the working capital and liquidity requirements of the Company (note 18). The Company and the Group are also in receipt of other Covid-19 business assistance programmes announced by the government, namely for wage supplements, deferral of taxes and other business assistance programmes as applicable. As at 31 December 2020, the Group had undrawn bank facilities amounting to EUR3.9 million.

## **NOTES TO THE FINANCIAL STATEMENTS – continued**

### **2.1 BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE - continued**

#### *Going concern – continued*

The Group, comprising of the Company, Phoenicia Hotel Company Limited and Phoenicia Malta Limited, which provide cross intra-group guarantees and are managed as a combined entity, has prepared projections for the upcoming 12 months and beyond, based on historical financial information, forecasts, as well as realistic assumptions to assess the financial situation. In preparing its projections the Group has considered prolonged cost cutting measures and has also considered prudent timing and constant recovery of business. Further mitigations are also available to management against unforeseen developments including effecting further cost cutting measures that can be put in place.

Notwithstanding this, in the current prevailing circumstances of the Covid-19 pandemic, management considers a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The material uncertainty identified by the Directors is the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour.

Due consideration is given to this uncertainty and mitigating factors are being taken into consideration in order to ensure the going concern of the Company.

### **2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES**

#### **Standards, interpretations and amendments to published standards as adopted by the European Union effective in the current year**

The accounting policies adopted are consistent with those of the previous financial year, except for the following amendments to IFRS effective during the year:

- Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions
- Amendments to IFRS 3: Business Combinations
- Amendments to IFRS 9, IAS 39 and IFRS17: Interest Rate Benchmark Reform
- Amendments to IAS 1 and IAS 8: Definition of Material
- Amendments to References to the Conceptual Framework in IFRS Standards

The adoption of these standards, where applicable, did not have significant impact on the financial statements or performance of the Company.

Other than disclosed below, the adoption of these standards, where applicable, did not have significant impact on the financial statements or performance of the Company. The nature and effect of the changes as a result of adoption of Amendment to IFRS 16 are described below.

#### **Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions**

Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions was issued on 28 May 2020 and effective as from 1 June 2020. The Amendment introduced a practical expedient applicable to rent concessions occurring as a direct consequence of the Covid-19 pandemic and is applicable only if a number of conditions are met.

In 2018, the company entered into a new lease agreement with a related company for the rental of the hotel land and building for a period of one year, renewable for further period of one year each up to a maximum period of fifteen (15) years in the aggregate.

Following the outbreak of Covid-19 pandemic, the lessor gave a rent concession to the lessee where such change in lease payments resulted in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change, the reduction in lease payments affects only payments originally due on or before 30 June 2021 and there is no substantive change to other terms and conditions of the lease. As a result, the lessee applied the practical expedient and applied such expedient to all rent concessions that meet the conditions set out by the amendment and the amount is recognized in profit or loss for the year.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES - continued**

**Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions**

*Impact on the income statement for year ended 31 December 2020:*

	<b>EUR</b>
<i>Other income</i>	
Rent Concession	175,000
	<hr/>
Impact on operating profit	<b>175,000</b>
	<hr/> <hr/>

**Standards, interpretations and amendments to published standards as adopted by the EU which are not yet effective**

Up to date of approval of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but which are not yet effective for the current reporting year and which the Company has not early adopted but plans to adopt upon their effective date. The new and amended standards follow:

- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Interest Rate Benchmark Reform – Phase 2 (effective for financial year beginning on or after 1 January 2021)
- Amendments to IFRS 4: Insurance Contracts – Deferral of IFRS19 (effective for financial year beginning on or after 1 January 2021)

The company is still assessing the impact that the IBOR reform will have on the financial statements of the company. The amendments to IFRS 4 are not expected to impact the Company’s operations. The Company will adopt the changes in standards, where applicable, on their effective date.

**Standards, interpretations and amendments to published standards that are not yet adopted by the European Union**

- IFRS 17: Insurance Contracts, including Amendments to IFRS 17 (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 1: Presentation of Financial Statements: Classification of Liabilities as Current or Non-current and Classification of Liabilities as Current or Non-current - Deferral of Effective Date
- Amendments to IFRS 3: Business Combinations (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 16: Property, Plant and Equipment (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 37: Provisions, Contingent Liabilities and Contingent Assets (effective for financial years beginning on or after 1 January 2022)
- Amendments to Annual Improvements 2018-2020 (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 1: Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 8: Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates (effective for financial years beginning on or after 1 January 2023)

The Company is still assessing the impact that these new standards will have on the financial statements.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Revenue**

Revenues include all revenues from the ordinary business activities of the Company and are recorded net of value added tax. Discounts to customers are recognised as a reduction in revenue. They are recognised in accordance with the provision for goods or services provided that collectability of the consideration is probable.

Revenue mainly represents income earned for accommodation and catering services. Revenue from accommodation is recognised over a period of time whereas revenue from catering and other services is recognised at a point in time. Service revenue is recognised when services have been rendered and collectability is reasonably assured.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., warranties, customer loyalty points). In determining the transaction price for the sale, the Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any). The performance obligation is to provide hospitality and leisure services as and when customers make use of the services. The transaction price follows a fee structure which is known at the date of booking or consumption of service and thus no significant estimates are required in this respect.

*Contract balances*

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

**Foreign currency transactions**

*Functional and presentation currency*

These financial statements are presented in Euro ('EUR'), the currency of the primary economic environment in which that Company operates.

*Transactions and balances*

Transactions in foreign currencies have been converted into Euro at the rates of exchange ruling on the day of the transaction. Monetary assets and liabilities denominated in foreign currencies have been translated into Euro at the rates of exchange ruling at the reporting date. All resulting differences are taken to the statement of comprehensive income.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value of the item (i.e., translation difference on items whose fair value gain or loss is recognised in other comprehensive income or profit or loss are also recognised in other comprehensive income or profit or loss, respectively).

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Property, plant and equipment**

Property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses.

Depreciation is provided on a straight-line basis to write off the cost of property, plant and equipment less any residual value over the expected useful lives. The annual rates used for this purpose, which are consistent with those used in the previous year, are as follows:

Plant, machinery and other equipment	-	3 - 15 years
Crockery, utensils and linen	-	3 - 15 years

The depreciation method applied and the useful life, are reviewed, and adjusted, if appropriate, at the end of each reporting year. Depreciation of an asset ceases when the asset is either classified as held for sale or derecognised. Assets in the course of construction are not depreciated.

Property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from their use or disposal. Gains or losses arising from derecognition represent the difference between the net disposal proceeds, if any, and the carrying amount of the asset. These are included in the statement of comprehensive income in the year of derecognition.

Subsequent costs are included in the asset's carrying amount when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account during the financial period in which they are incurred.

**Inventories**

Inventories are stated at the lower of cost and net realisable value. The cost of inventories comprises the direct invoiced cost. Net realisable value is the estimate of the selling price in the ordinary course of business, less the selling expenses.

**Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial assets**

*Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial assets - continued**

*Subsequent measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

*Financial assets at amortised cost (debt instruments)*

This category is the most relevant to the Company. The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

*Financial assets at fair value through OCI (debt instruments)*

The Company measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling
- and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

*Financial assets designated at fair value through OCI (equity instruments)*

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial assets - continued**

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

*Derecognition*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired
- or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement.

*Impairment of financial assets*

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial assets – continued**

*Impairment of financial assets - continued*

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The 12-month ECL is calculated by multiplying the 12-month PD, LGD, and EAD. Lifetime ECL is calculated on a similar basis for the residual life of the exposure.

**Financial liabilities**

*Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

*Subsequent measurement*

The measurement of financial liabilities depends on their classification, as described below:

*Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by IFRS 9.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied.

*Loans and borrowings*

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial liabilities - continued**

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**Impairment of non-financial assets**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

**Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

*Company as a lessee*

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Leases - continued**

*i) Right-of-use assets*

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Hotel Property	-	15 years
----------------	---	----------

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section Impairment of non-financial assets.

*ii) Lease liabilities*

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are detailed in Note 11.

*iii) Short-term leases and leases of low-value assets*

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Cash and cash equivalents**

Cash and cash equivalents in the statement of financial position comprise cash at bank and short-term deposits.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents with an original maturity of three months or less, net of outstanding bank overdrafts.

**Trade and other payables**

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received whether or not billed to the Company.

**Taxes**

*Current tax*

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

*Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that there will be taxable profit against which a deductible temporary difference can be used, unless the deferred tax asset arises from the initial recognition of an asset or liability that is not from a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

*Value added tax*

Revenues, expenses and assets are recognised net of the amount of value added tax except:

- where the value added tax incurred in the purchase of assets or services is not recoverable from the taxation authority, in which case the value added tax is recognised as part of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of value added tax included.

The net amount of value added tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Grants**

Grants are not recognised until there is reasonable assurance that the entity will comply with the conditions attached and that the grants will be received.

Grants in respect of fixed assets are credited to the profit and loss account in equal annual instalments over the useful lives of the assets concerned. Other grants are credited to the profit and loss account in the same year as the expenditure to which they contribute and included within 'Other Income'.

**Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

**3.1. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS**

In preparing the financial statements, the Directors are required to make judgements, estimates and assumptions that affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the financial statements. These estimates are reviewed on a regular basis and if a change is needed, it is accounted in the year the change becomes known.

In the opinion of the management, the accounting estimates, assumptions and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as significant in terms of the requirements of IAS 1 (revised) - 'Presentation of financial statements', except as disclosed below.

*Deferred tax assets*

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the tax losses and unabsorbed capital allowances can be utilised.

Judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits, together with future tax planning strategies. In exercising its judgement management has taken into account budgets and the ability to carry forward losses for offset indefinitely.

*Right-of-use assets*

In 2018, the company entered into a new lease agreement with a related company for the rental of the hotel land and building for a period of one year, renewable at the option of the lessee for further period of one year each up to a maximum period of fifteen (15) years in the aggregate.

In light of the aforementioned option to extend, management uses its judgement to determine whether or not this option to extend would be reasonably certain to be exercised. Management considers all facts and circumstances including their past practice and future developments to determine the lease term.

In its assessment, management determined that the option to extend will be honoured up to the maximum term i.e. a remaining period of twelve (12) years.

**PHOENICIA HOTEL COMPANY LIMITED**  
**Annual Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**4. REVENUE**

The company's entire revenue is derived locally from the operations of the hotel in Malta.

**10. PROPERTY, PLANT AND EQUIPMENT - continued**

As disclosed in note 17, at 31 December, the company had payables for capital expenditure amounting to EUR1,171,223 (2019: EUR1,171,223).

**11. LEASES**

**Company as a lessee**

In 2018, the company entered into a new lease agreement with a related company for the rental of the hotel land and building for a period of one year, renewable for further period of one year each up to a maximum period of fifteen years in the aggregate. In terms of the lease agreement, the Company pays annual rent of EUR2,500,000 revisable every three years assuming a complete development of the hotel.

During the year ended 31 December 2019, the Company chose the modified retrospective application of IFRS 16 with the cumulative of initially applying the standard recognised at the date of initial application as an adjustment to equity.

The Company had performed a detailed impact assessment of IFRS 16. In its assessment management assumed that the rental agreement will be renewed up to its maximum period and a discount rate of 4.5% was determined to be the incremental borrowing rate.

The carrying amounts of right-of-use assets recognised and the movements during the year are as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
<b>Hotel land and building</b>		
As at 1 January	<b>24,033,775</b>	25,882,527
Additions	-	-

---

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**11. LEASES - continued**

The carrying amounts of lease liabilities and the movements during the period are as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
As at 1 January	<b>24,663,489</b>	25,882,527
Additions	-	-
Accretion of interest (note 8)	<b>1,071,254</b>	1,130,962
Rent concession (i) (note 6)	<b>(175,000)</b>	-
Payments	<b>(2,325,000)</b>	(2,350,000)
As at 31 December	<b>23,234,743</b>	24,663,489
Disclosed as follows:		
Current liabilities	<b>1,494,383</b>	1,428,747
Non-current liabilities	<b>21,740,360</b>	23,234,742
As at 31 December	<b>23,234,743</b>	24,663,489

- (i) As disclosed in Note 2.2, following the outbreak of Covid-19 pandemic, the lessor gave a rent concession to the Company where the latter applied the practical expedient where the amount of rent concession is being recognized in profit or loss for the year within 'Other Income'.

The non-current lease liabilities are analysed as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Between one and two years	<b>1,563,035</b>	1,494,383
Between two and five years	<b>5,133,285</b>	4,907,820
More than five years	<b>15,044,040</b>	16,832,539
	<b>21,740,360</b>	23,234,742

**PHOENICIA HOTEL COMPANY LIMITED**  
**Annual Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**12. DEFERRED TAX ASSETS**

The movement in deferred tax asset is as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Balance as at 1 January	<b>3,179,275</b>	2,886,814
Credited to income statement (note 9)	<b>2,381,711</b>	292,461
Balance as at 31 December	<b>5,560,986</b>	3,179,275

Deferred income tax at 31 December relates to the following:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
<i>Deferred income tax asset is attributable to the following:</i>		
- unutilized tax losses and capital allowances	<b>5,093,170</b>	2,883,738
- excess of capital allowances over depreciation	<b>71,853</b>	51,825
- allowances for impairment	<b>28,561</b>	23,312
- leases under IFRS 16	<b>367,402</b>	220,400
	<b>5,560,986</b>	3,179,275

The Directors are confident that the deferred taxation recognised in the financial statements will be realised in the foreseeable future through trading operations conducted by the Company. Tax losses and unabsorbed capital allowances do not expire under Maltese legislation.

**13. INVENTORIES**

	<b>2020</b>	2019

**PHOENICIA HOTEL COMPANY LIMITED**  
**Annual Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**16. ISSUED CAPITAL AND RESERVES - continued**

**Deferred shares**

The authorised, issued and fully paid-up deferred shares of EUR838,574 are made up of 1,440,000 deferred shares of 0.25 GBP each.

Deferred shares are not entitled to dividends and carry no voting rights. On winding up, holders of deferred shares are entitled to repayment of capital, after the capital had been repaid in full to the holders of ordinary shares. Holders of deferred shares are not entitled to participate in any further surplus arising on winding up.

**Retained earnings**

Retained earnings represent accumulated retained profits that are available for distribution to the company's shareholders.

**17. TRADE AND OTHER PAYABLES**

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Trade payables	<b>808,922</b>	968,260
Payables for capital expenditure	<b>1,171,223</b>	1,171,223
Amounts due to related parties (i)	<b>1,840,193</b>	1,818,644
Accruals	<b>778,046</b>	825,754

Deferred income (iv)	<b>2,997</b>	8,090
Other payables	<b>20,629</b>	13,904
	<b>5,853,035</b>	5,493,585

(i) The amounts due to related parties are unsecured and interest free. The amounts are repayable on demand.

(ii) Contract liabilities represent advances from customers. Revenue recognised in the reporting period that was included in the contract liability balance at the beginning of the period amounted to EUR332,033 (2019: EUR494,575). Amounts are expected to be recognised in revenue sometime in 2021 and 2022, with certain advances from customers deferred indefinitely until travel restrictions are eased and the clients are willing to travel again.

(iii) Indirect taxes including social security is normally settled on a monthly and quarterly basis. During the year, the Government of Malta has issued a scheme in response of the Covid-19 pandemic for the deferral of indirect taxes. The Company has obtained this deferral and the balance is to be settled during the year ending 31 December 2021.

(iv) Deferred income includes capital grants which are being amortised over the life of the asset.

	<b>2020</b>	2019

The non-current interest-bearing loans and borrowings are analysed as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Between one and two years	<b>1,271,538</b>	71,591
Between two and five years	<b>1,018,772</b>	97,943
More than five years	-	-
	<b>2,290,310</b>	169,534

- (i) During the year ended 31 December 2020, the Company obtained a facility of EUR6 million from the bank to cover shortfall in operating cashflow arising from the Covid-19 pandemic. The facility benefits from the support of the Government of Malta by means of a capped portfolio guarantee and is eligible for an interest rate subsidy of 2.4% for the first two years. This facility bears a fixed interest rate of 2.5% for the first 2 years plus guarantee fee.
- (ii) These bank loans bear an interest rate of 3.5% per annum over the bank's base rate and are secured by a general hypothec of EUR225,944 (2019: EUR237,038) over the assets of the company and a special hypothecary guarantee of EUR225,944 (2019: EUR237,038) given by a related company over its property (note 22).
- (iii) As at 31 December 2020, the Company had banking facilities amounting to EUR3.9 million (2019: EUR600,000) which were unutilized at year-end.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**19. FINANCIAL COMMITMENTS**

As disclosed in notes 15 and 18, the Company has also provided the bank with guarantees over the assets of the Company.

The Company also provides a first general hypothecary guarantee of EUR18.9 million (2019: EUR19.1 million) in favour of a related party (note 22).

**20. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Company's activities may expose it to the various types of risks: market risk (interest rate risk), credit risk and liquidity risk.

**Credit risk**

Financial assets which potentially subject the Company to concentrations of credit risk consist principally of trade and other receivables and cash and cash equivalents.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Company is not exposed to major concentrations of credit risk.

The Company's short-term deposits are placed with quality financial institutions. Carrying amounts for trade and other receivables are stated net of the necessary provisions which have been made against bad and doubtful debts in respect of which the Directors reasonably believe that recoverability is doubtful.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating, and coverage by letters of credit or other forms of credit insurance). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

The maximum exposure to credit risk is represented by the carrying amount of each financial assets as disclosed in note 14 and note 15.

**Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

With the exception of bank balances and related party loans, the Company is not subject to cash flow interest rate risk. The Company's financial assets and liabilities are principally non-interest bearing. As a result, the Company is not subject to significant amounts of risk due to fluctuations on the prevailing levels of market interest rates.

**PHOENICIA HOTEL COMPANY LIMITED**  
**Annual Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**20. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES - continued**

**Interest rate sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Company's profit before tax.

	Increase/decrease in basis points	Effect on profit before tax
2020	+100	(68,423)
	-50	44,214
2019	+100	(2,974)
	-50	1,117

**Liquidity risk**

Liquidity risk is the risk that the Company is unable to meet its payment obligations associated with its financial liabilities when they fall due.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through adequate amount of committed credit facilities.

The Company actively manages its risk of a shortage of funds by closely monitoring the maturity of its financial assets and liabilities and projected cash flows from operations. The Directors believe, that the current liability position can be redressed through the operations of the Company and unutilised banking facilities (Note 2.1 – Going concern).

The presentation of the financial assets and liabilities listed above under the current and non-current headings within the statement of financial position is intended to indicate the timing in which cash flows will arise.

**Capital management**

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern and to maximise the return to stakeholders through the optimisation of the debt and equity balance.

The primary objective of the Company's capital management is to ensure that it maintains adequate capital to support its operations. The Company's Directors manage the Company's capital structure and make adjustments to it, in light of changes in economic conditions. The capital structure is reviewed on an ongoing basis.

To maintain or adjust its capital structure, the Company may adjust its borrowings. There were no changes in the Company's approach to capital management during the year.

**21. FAIR VALUE MEASUREMENT**

IFRS 13 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Company's market assumptions. These two types of inputs have created the following fair value hierarchy:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

This hierarchy requires the use of observable market data when available. The Company considers relevant and observable market prices in its valuations where possible as outlined above. For assets and liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At 31 December 2020 and 2019 the carrying amounts of cash and cash equivalents, trade and other receivables, trade and other payables and current interest-bearing loans and borrowings approximated their fair values in view of the nature of the instruments or their short-term maturity (Level 2). The fair values of non-current interest-bearing loans and borrowings are not materially different from their carrying amounts particularly due to re-pricing (Level 2).

**PHOENICIA HOTEL COMPANY LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**22. RELATED PARTY TRANSACTIONS AND BALANCES**

Note 23 provides information about the Group's structure, including details of the parent and ultimate parent company.

The following table provides the total amount of transactions and balances with related parties for the relevant financial year:

<b>Related parties</b>		<b>Purchases from related party</b>	<b>Amounts owed (to)/ from related party</b>
Phoenicia Malta Limited	<b>2020</b>	<b>2,325,000</b>	<b>(1,840,193)</b>
	2019	2,350,000	(1,818,644)
Phoenicia Finance Company p.l.c.	<b>2020</b>	-	<b>38,585</b>
	2019	-	23,371
Hazledene Group Limited	<b>2020</b>	<b>110,353</b>	<b>(13,088)</b>
	2019	115,386	(9,000)

*Phoenicia Malta Limited*

The Company has a lease agreement with Phoenicia Malta Limited, which is a wholly owned subsidiary of the immediate parent of Phoenicia Hotel Company Limited for the rental of the hotel (note 19). During the year, the company also received a rent concession of EUR175,000 from Phoenicia Malta Limited (Note 6). The loans of the related party are secured by a special hypothecary guarantee of EUR18.9 million (2019: EUR19.1 million) given by the Company. As disclosed in notes 15 and 18, the related party has also provided guarantees amounting to EUR825,994 (2019: EUR837,038) to secure the Company's bank facilities.

*Phoenicia Finance Company p.l.c.*

The company has a current account balance with Phoenicia Finance Company p.l.c. a fully owned subsidiary of Phoenicia Malta Limited.

*Hazledene Group Limited*

Hazledene Group Limited is an entity in which the shareholders of the company have an interest. During the year the company entered into transactions with this party for an expense of an administrative nature.

*Key management personnel*

Amounts payable to key management personnel as disclosed in note 7 as 'Directors remuneration'.

**23. PARENT AND ULTIMATE PARENT COMPANY**

The immediate and ultimate parent company is Phoenicia Hotel (Lux) S.A.R.L. registered in Luxembourg. The ultimate controlling party is Mark Shaw, a British national residing in Edinburgh, Scotland.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**24. CONTINGENT LIABILITES**

The Company continues to be in disagreement with the main contractor of the recent development of Phoenicia Hotel regarding certain differences between applications for payment made by the contractor and amounts that have been certified as due based on the assessment of a professional cost consultancy firm engaged by the Company since inception of the project. The company is also contesting claims for additional services from architects, involved in the same development, due to delays and additional expense caused by their execution of the services provided.

The Directors are of the opinion that no amounts are due, and accordingly, no provision is being made in the financial statements. Furthermore, the Company has a number of counter claims against the contractor and the architects relating to delays and defects, amongst others. Should amounts, if any, become payable, these will be partly recharged to a related company owning the property.

**25. EVENTS AFTER THE REPORTING PERIOD**

As Covid-19 pandemic evolves, the Government of Malta has continued to implement additional measures after year end to address the resulting public health issues and the economic impact. Since the end of the reporting year, the Government of Malta has also announced additional measures to assist the affected entities including the extension of wage supplement scheme, the extension of the moratoria granted under the Covid-19 guarantee Scheme by a further 6 months and further tax deferrals. The Company continues to monitor the situation and taking appropriate measures to minimise the impact of the Covid-19 pandemic and to continue operations.

# **INDEPENDENT AUDITOR'S REPORT**

## to the Shareholders of Phoenicia Malta Limited

### **Report on the audit of the financial statements**

#### **Opinion**

We have audited the financial statements of Phoenicia Malta Limited (the "Company"), set on pages 6 to 31 which comprise the statement of financial position as at 31 December 2020, and the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU ("IFRS") and the Companies Act, Cap. 386 of the Laws of Malta (the "Companies Act").

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the Companies Act. Our responsibilities under those standards and under the Companies Act are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) as issued by the International Ethics Standards Board of Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act, Cap. 281 of the Laws of Malta, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Material uncertainty related to going concern**

We draw attention to Note 2 in the financial statements, which describes the impact of the COVID-19 outbreak on the Group, of which the company forms part. Note 2 also explains the actions and plans of the Group along with the material uncertainty related to the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour. As stated in note 2, these events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **INDEPENDENT AUDITOR'S REPORT** to the Shareholders of Phoenicia Malta Limited - continued

### **Responsibilities of the directors for the financial statements**

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS and the requirements of the Companies Act, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **INDEPENDENT AUDITOR'S REPORT** to the Shareholders of Phoenicia Malta Limited - continued

### **Report on other legal and regulatory requirements**

*Matters on which we are required to report by the Companies Act*

We have responsibilities under the Companies Act to report to you if in our opinion:

- proper accounting records have not been kept;
- the financial statements are not in agreement with the accounting records;
- we have not received all the information and explanations we require for our audit.

We have nothing to report to you in respect of these responsibilities.

## **NOTES TO THE FINANCIAL STATEMENTS**

### **1 CORPORATE INFORMATION**

The financial statements of the Phoenicia Malta Limited ('the Company') for the year ended 31 December 2019 were authorised for issue by the Board of Directors on 30 April 2021. Phoenicia Malta Limited is a limited liability company incorporated and domiciled in Malta under the Companies Act, Cap. 386 of the Laws of Malta. Its registered office is The Phoenicia Hotel, The Mall, Floriana, FRN1478, Malta. The Company's principal activity is the rental of investment property to a related party.

### **2 BASIS OF PREPARATION**

The financial statements have been prepared in accordance with International Financial Reporting Standards issued as adopted by the European Union and comply with the Companies Act, Cap. 386 of the Laws of Malta. The financial statements are prepared in Euro (EUR), which represents the functional and presentation currency of the Company.

IFRS 10, Consolidated Financial Statements, requires a parent company to prepare consolidated financial statements in which it consolidates its investments in subsidiaries. However, the Company is exempted from the preparation of consolidated financial statements in accordance with Section 173 of the Companies Act, Cap. 386 of the Laws of Malta.

These financial statements have been prepared under the historical cost convention, except for investment property that have been measured at fair value.

#### *Going Concern*

During the year ended 31 December 2020, the Company generated a profit before tax of EUR544,822 (2019: EUR787,898). As at 31 December 2020, its current liabilities exceeded current assets by EUR1,146,759 (2019: EUR372,084).

These financial statements have been prepared on a going concern basis. The Directors have made appropriate assessment of the going concern and reviewed the Company's budget for the next financial year. The Directors are confident that the Company has adequate resources to remain in operation for the foreseeable future and meet its liabilities when they fall due. The Directors have therefore continued to adopt the going concern basis of accounting in preparing these annual financial statements subject to the uncertainty noted in this section. The financial statements do not contain the adjustments that would result if the Company was unable to continue as a going concern.

Since the first cases of COVID-19, the impacts arising from the pandemic have persisted throughout the year, resulting in continuous disruptions to the world economy. As disclosed in previous year's annual report and also in the latest Financial Analysis Summary dated 28th September 2020, the hotel has experienced a total curtailment of its business from March to June 2020 together with a substantial reduction in demand for the rest of the year. The hotel adapted to the situation to safeguard the financial health of the business, where management implemented cost cutting measures whilst ensuring that the hotel was prepared to welcome guests once restrictions were lifted. The Group has continued with the works relating to the completion of the Spa whilst also refreshing a number of locations within the Hotel. Towards the end of June 2020, the outlets re-opened and started serving guests once again with the main focus being the Bastion Pool and as from July 2020 the hotel started welcoming guests once again with the re-opening of the local airport. The new Spa, managed by the world-renowned French Spa operators, Deep Nature, also opened its door to guests toward the end of the year.

In response to impacts of the Covid-19 pandemic, the Government of Malta announced a number of measures to assist the affected entities and the Group has successfully obtained further finance to support working capital and liquidity requirements, amendments to existing loan facilities including a moratorium on capital and interest repayments, as well as other easing in support of the working capital and liquidity requirements of the Group, the Company forms part of. The Group is also in receipt of other Covid-19 business assistance programmes announced by the government, namely for wage supplements, deferral of taxes and other business assistance programmes as applicable. As at 31 December 2020, the Group had undrawn bank facilities amounting to EUR3.9 million.

## **NOTES TO THE FINANCIAL STATEMENTS - continued**

### **2 BASIS OF PREPARATION - continued**

#### *Going Concern - continued*

The Group, comprising of the Company, Phoenicia Hotel Company Limited and Phoenicia Finance Company p.l.c., which provide cross intra-group guarantees and are managed as a combined entity, has prepared projections for the upcoming 12 months and beyond, based on historical financial information, forecasts, as well as realistic assumptions to assess the financial situation. In preparing its projections the Group has considered prolonged cost cutting measures and has also considered prudent timing and constant recovery of business. Further mitigations are also available to management against unforeseen developments including effecting further cost cutting measures that can be put in place.

Notwithstanding this, in the current prevailing circumstances of the Covid-19 pandemic, management considers a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The material uncertainty identified by the Directors is the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour.

Due consideration is given to this uncertainty and mitigating factors are being taken into consideration in order to ensure the going concern of the Company.

### **3.1 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES**

#### **Standards, interpretations and amendments to published standards as endorsed by the European Union effective in the current year**

The accounting policies adopted are consistent with those of the previous financial year, except for the following amendments to IFRS effective during the year:

- Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions
- Amendments to IFRS 3: Business Combinations
- Amendments to IFRS 9, IAS 39 and IFRS17: Interest Rate Benchmark Reform
- Amendments to IAS 1 and IAS 8: Definition of Material
- Amendments to References to the Conceptual Framework in IFRS Standards

The adoption of these standards, where applicable, did not have significant impact on the financial statements or performance of the Company.

#### **Standards, interpretations and amendments to published standards as adopted by the EU which are not yet effective**

Up to date of approval of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but which are not yet effective for the current reporting year and which the Company has not early adopted but plans to adopt upon their effective date. The new and amended standards follow:

- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Interest Rate Benchmark Reform – Phase 2 (effective for financial year beginning on or after 1 January 2021)
- Amendments to IFRS 4: Insurance Contracts – Deferral of IFRS19 (effective for financial year beginning on or after 1 January 2021)

The company is still assessing the impact that the IBOR reform will have on the financial statements of the company. The amendments to IFRS 4 are not expected to impact the Company's operations. The Company will adopt the changes in standards, where applicable, on their effective date.

## **NOTES TO THE FINANCIAL STATEMENTS - continued**

### **3.1 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES - continued**

#### **Standards, interpretations and amendments to published standards that are not yet adopted by the European Union**

- IFRS 17: Insurance Contracts, including Amendments to IFRS 17 (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 1: Presentation of Financial Statements: Classification of Liabilities as Current or Non-current and Classification of Liabilities as Current or Non-current - Deferral of Effective Date
- Amendments to IFRS 3: Business Combinations (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 16: Property, Plant and Equipment (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 37: Provisions, Contingent Liabilities and Contingent Assets (effective for financial years beginning on or after 1 January 2022)
- Amendments to Annual Improvements 2018-2020 (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 1: Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 8: Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates (effective for financial years beginning on or after 1 January 2023)

The Company is still assessing the impact that these new standards will have on the financial statements.

### **3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Taxes**

##### *Current income tax*

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

##### *Deferred income tax*

Deferred income tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Taxes - continued**

*Value added tax*

Revenues, expenses and assets are recognised net of the amount of value added tax except:

- where the value added tax incurred in the purchase of assets or services is not recoverable from the taxation authority, in which case the value added tax is recognised as part of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of value added tax included.

The net amount of value added tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

**Investment property**

Investment property is measured initially at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met; and excludes the costs of day-to-day servicing of an investment property.

Subsequent to initial recognition, investment property is measured at fair value, which reflects market conditions at the reporting date. Gains or losses arising from changes in the fair value of investment property including the corresponding tax effect are included in the profit or loss in the year in which they arise.

Transfers are made to (or from) investment property only when there is a change in use.

**Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial assets**

*Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

**Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial assets - continued**

*Subsequent measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

*Financial assets at amortised cost (debt instruments)*

This category is the most relevant to the Company. The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

*Financial assets at fair value through OCI (debt instruments)*

The Company measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

*Financial assets designated at fair value through OCI (equity instruments)*

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**Financial instruments - continued**

**Financial assets – continued**

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

*Derecognition*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired
- or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**Financial instruments - continued**

**Financial assets – continued**

*Impairment of financial assets*

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The 12-month ECL is calculated by multiplying the 12-month Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default EAD. Lifetime ECL is calculated on a similar basis for the residual life of the exposure.

**Financial liabilities**

*Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

*Subsequent measurement*

The measurement of financial liabilities depends on their classification, as described below:

*Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by IFRS 9.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**Financial instruments - continued**

**Financial liabilities - continued**

*Loans and borrowings*

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

*Company as a lessee*

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

*i) Right-of-use assets*

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**Leases - continued**

*ii) Lease liabilities*

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

*iii) Short-term leases and leases of low-value assets*

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

*Company as a lessor*

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

**Investment in subsidiary**

Investment in subsidiary is stated at cost less any accumulated impairment losses.

## **NOTES TO THE FINANCIAL STATEMENTS - continued**

### **3.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

#### **Cash and cash equivalents**

Cash and short-term deposits in the statement of financial position comprise cash at bank and short-term deposits.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents with an original maturity of three months or less, net of outstanding bank overdrafts.

### **3.3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS**

In preparing the financial statements, the Directors are required to make judgements, estimates and assumptions that affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgment are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the financial statements. These estimates are reviewed on a regular basis and, if a change is needed, it is accounted for in the year the changes become known.

In the opinion of the Directors, the accounting estimates, assumptions and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as significant in terms of the requirements of IAS 1 (revised) - 'Presentation of financial statements', except as disclosed below.

#### *Fair value of investment property*

The Company carries its investment properties at fair value, with changes in fair value being recognised in the Statement of comprehensive income in accordance with IAS 40, 'Investment Property'. This is based on valuations performed at least every two years. The last valuation was performed in 2020 (note 9).

In the years where a valuation is not obtained, management verifies all major inputs used in the previous valuation report, by assessing the discount rate and the capitalisation rate against changes in discount and growth rates, as well as assessing the results achieved against the cash flow and earnings assumption used in the previous valuation. Based on these analyses management assesses whether any changes in inputs would lead to significant changes in value of the property

#### *Deferred tax liability*

The company's investment property is measured using the fair value model in IAS40. IAS12 establishes a rebuttable presumption requiring the deferred tax liability to be measured on the basis that the IP will be recovered through sale. This presumption is rebuttable if the Investment property is depreciable and the company expects to consume substantially all the economic benefits through use over time rather than through sale.

Judgement is required to determine whether the company expects to consume substantially all the economic benefits through use. In exercising its judgement management has taken into account the proportion of non-depreciable assets and the extent of depreciable assets that are expected to be recovered through use based on existing plans compared to the economic useful life. In making this assessment, management concluded that it does not expect to consume substantially all the economic benefits through use and consequently measured the deferred tax liability based on the rebuttable presumption that the value of the investment property will be recovered through sale i.e. deferred tax is calculated at 8% of the sales value of the Investment Property (as opposed to the normal tax rate of 35% on taxable income). The amount of deferred tax is limited to the fair value adjustment and the remaining tax payable on sale, is assumed to be a transaction tax which is taken into account in determining the recoverable amount.

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**4. RENTAL INCOME**

Rental income represent rent arising from the lease of investment property to a related company. In 2018, the company entered into a new lease agreement with a related company for the rental of the hotel land and building for a period of one (1) year, renewable for further period of one (1) year each up to a maximum period of fifteen (15) years in aggregate. In terms of the lease agreement, the Company receives annual rent of EUR2,500,000 revisable every three years assuming a complete development of the hotel.

Following the outbreak of Covid-19 pandemic, the Company gave a rent concession amounting to EUR175,000. The company accounted for the lease modification as a new lease from the date the concession was granted accounting for the income over the remaining lease term.

Rental income for the year is as follows:

	2020 EUR	2019 EUR
Annual rent	2,500,000	-
Rent concession	(175,000)	-
Unamortised portion of rent concession (note 12)	168,000	-
<b>Rental income</b>	<b>2,493,000</b>	<b>-</b>

**5. EXPENSES BY NATURE**

	2020 EUR	2019 EUR
Auditor's remuneration	22,950	40,650
Legal fees	15,000	22,419
Other professional fees	35,415	6,907
Bank charges	633	998
Ground rent	815	815
<b>Administrative expenses</b>	<b>74,813</b>	<b>71,789</b>

**6. OTHER INCOME**

Other income for the year ended 31 December 2019 amounting to EUR332,566 represents unclaimed advances by previous shareholders of the Company.

**7. FINANCE COST**

	2020 EUR	2019 EUR
Interest payable on bank loans (note 14)	596,945	631,704
Interest payable on loan from subsidiary (note 14)	1,275,420	1,191,175
	<b>1,872,365</b>	<b>1,822,879</b>

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**8. INCOME TAX EXPENSE**

The income tax expense for the year is comprised of the following:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Current tax expense	-	19,764
Deferred tax expense	<b>47,040</b>	-
	<b>47,040</b>	19,764

The income tax expense differs from the theoretical tax expense that would apply on the Company's profit before tax using the applicable tax rate in Malta of 35% as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Profit before tax	<b>545,822</b>	787,898
Theoretical tax expense at 35%	<b>191,038</b>	275,764
Tax effect of		
- expenses not deductible for tax purposes	<b>25,899</b>	24,841
- other income not subject to tax	-	(116,398)
- maintenance allowance	<b>(169,897)</b>	(164,443)
Income tax expense	<b>47,040</b>	19,764

**9. INVESTMENT PROPERTY**

	<b>Total</b>
	<b>EUR</b>
At 1 January 2019	82,516,493
Additions	1,438,802
At 31 December 2019	83,955,295
Additions	1,550,795
<b>At 31 December 2020</b>	<b>85,506,090</b>

The loan facilities are secured by a general hypothec of EUR18.9 million (2019: EUR19.1 million) over the company's assets and a special hypothec of EUR18.9 million (2019: EUR19.1 million) over the Company's investment property. The loans are also secured by a general hypothecary guarantee of EUR18.9 million (2019: EUR19.1 million) given by a related party.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**9. INVESTMENT PROPERTY - continued**

The Company's investment property comprises a hotel building ('sites in operation') and its surrounding lands ('other sites').

The prior valuation of the property had been obtained as of 29 October 2018. This valuation was prepared by an external, independent and qualified architects and the value for both the sites in operation and the other sites was determined by the application of a market-derived capitalisation rate to the annual earnings to establish the present value of the income stream associated with each asset. A capitalisation rate of 7% was applied to the company's annual earnings to derive the fair value of the sites in operation whilst a capitalisation rate of 25% was applied to derive the fair value of the other sites. An implicit assumption in this method is that the cash flow is perpetuity and the discount rate is a constant.

As at 31 December 2020, the valuation technique of the sites in operation was changed in the context of the sudden operative disruptions and uncertainties caused by the Covid-19 pandemic, whereby a valuation technique which considers the medium to long-term projection was deemed to be more appropriate in the circumstances to reflect the impact of the Covid-19 pandemic.

The fair value of the sites in operation was determined by management based on a multi-period projection and Discounted Cash Flow ('DCF') model. The derived valuation was adjusted for assets amounting to EUR4.6 million which form an integral part of the property but recognised separately in the related hotel operating company. The value of the other sites was determined similar to the prior valuation based on the application of a market derived capitalisation rate to the annual earnings.

*Valuation process*

The company engages internal personnel to determine the fair value of the investment property. At the date of the valuation, management:

- verifies all major inputs in the valuation
- assess property valuation movements when compared to the prior year valuation reports

In the years where a valuation is not obtained, management verifies all major inputs used in the previous valuation report, by assessing the discount rate and the capitalisation rate against changes in discount and growth rates, as well as assessing the results achieved against the cash flow and earnings assumption used in the previous valuation. Based on these analyses management assesses whether any changes in inputs would lead to significant changes in value of the property (note 3.3).

*Sites in operation*

In the valuation of the sites in operation, management considered a 10-year (2021-2030) DCF model, with a terminal value calculation, considering a long-term growth rate assumption. Management expects to return to the pre- Covid-19 pandemic level of activity in 2023. The model also considers a discount rate of 10%.

The discount rate and the cash flows have been determined to be significant unobservable inputs. The lower the discount rate, the higher the fair value. Conversely, the lower the cash flows, the lower the fair value. An analysis of the impact of a reasonable change in the significant unobservable inputs on the fair value of the property is included below:

	<b>Change</b>	<b>Change in value EUR' million</b>
Cash flows	One-year delay*	(9)
Discount rate	9% / 11%	13 / (10)

\* The cash flow sensitivity analysis considers a return to the pre- Covid-19 pandemic level in 2024 being a one year delay from the base cash flows.

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

---

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**9. INVESTMENT PROPERTY - continued**

*Other sites*

In the valuation of the other sites, management derived the fair value by the application of a capitalisation rate of 25% to the company's annual earnings.

The capitalisation rate and the annual earnings have been determined to be significant unobservable inputs. The lower the capitalisation rate, the higher the fair value. Conversely, the lower the annual earnings, the lower the fair value. An analysis of the impact of a reasonable change in the significant unobservable on the fair value of the property is included below:

	<b>Change in Rate</b>	<b>Change in value EUR' million</b>
Capitalisation rate	20% / 30%	3 / (2)
Annual earnings	+10% / -10%	1 / (1)

The investment property is categorised under level 3 of the fair valuation hierarchy. The different levels in the fair value hierarchy are defined as follows:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The Company's policy is to recognise transfers into and out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There were no transfers between levels during the year.

**10. INVESTMENT IN SUBSIDIARY**

	<b>2020</b>	2019

**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**10. INVESTMENT IN SUBSIDIARY - continued**

- (i) Phoenicia Finance Company p.l.c. (“PFC”) was incorporated by Phoenicia Malta Limited on 23 October 2018 to carry on the business of a finance company in connection with the ownership, development, operation and financing of hotels, resorts, leisure facilities, and tourism related activities.
- (ii) The financial statements of PFC are available to the public. The company has issued bonds that are traded on the Malta Stock Exchange.
- (iii) PFC has issued a loan to the Company, being its immediate parent company (note 14). PFC also holds a current account with the Company (note 12).

**11. DEFERRED TAX LIABILITY**

The movement in deferred tax asset is as follows:

	2020 EUR	2019 EUR
Balance as at 1 January	6,533,528	6,533,528
Debited to the income statement	47,040	-
Balance as at 31 December	<u>6,580,568</u>	<u>6,533,528</u>

	2020 EUR	2019 EUR
<i>Deferred tax liability is attributable to the following:</i>		
- Investment Property	6,533,528	6,533,528
- Other receivables	47,040	-
Balance as at 31 December	<u>6,580,568</u>	<u>6,533,528</u>

Deferred income taxes on investment property calculated on all temporary differences under the liability method. Temporary differences arise on the fair value of the property and are measured using a property tax rate of 8%.

**12. TRADE AND OTHER RECEIVABLES**

**14. INTEREST-BEARING LOANS AND BORROWINGS**

	<b>2020</b>	2019
	<b>EUR</b>	EUR
<i>Non-current</i>		
Bank loan (i)	<b>19,670,593</b>	19,765,294
Loan from subsidiary (ii)	<b>24,514,073</b>	24,189,074
	<b>44,184,666</b>	43,954,368
<i>Current</i>		
Bank loan (i)	<b>2,248,313</b>	1,796,944
Loan from subsidiary (ii)	<b>56,262</b>	55,668
	<b>2,304,575</b>	1,852,612
Total interest-bearing loans and borrowings	<b>46,489,241</b>	45,806,980

The non-current interest-bearing loans and borrowings are analysed as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Between one and two years	<b>1,795,307</b>	1,641,668
Between two and five years	<b>5,385,923</b>	4,924,999
More than five years	<b>37,003,436</b>	37,387,701
	<b>44,184,666</b>	43,954,368

The Company has the following facilities:

- (i) Bank loan facilities of EUR21,166,682 (2019: EUR21,406,960) bearing an average interest of 2.80% (2019: 2.84%) (minimum rate) plus 3 months EURIBOR per annum. The loan facilities are secured by a general hypothec for EUR18.9 million (2019: EUR19.1 million) over all the assets of the Company. The facilities are also secured by a special hypothec of EUR18.9 million (2019: EUR19.1 million) on the Company's investment property. A general hypothecary guarantee of EUR18.9 million (2019: EUR19.1 million) was also given by a related company.
- (ii) A loan from subsidiary of EUR24,514,074 (2019: EUR24,189,074) is unsecured and bears an interest of 5.25% per annum payable annually in arrears. Prior to 1 September 2019 the interest rate was of 4.73% per annum payable annually in arrears. The loan is repayable on 30 November 2028.
- (iii) There have been no breaches of the financial covenants of any interest-bearing loans and borrowings in the current and prior year.

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**15. TRADE AND OTHER PAYABLES**

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Trade payables	<b>34,677</b>	29,321
VAT payable (i)	<b>389,326</b>	123,750
Amounts due to related parties	<b>385,723</b>	146,131
Accruals	<b>45,419</b>	35,000
	<b>855,145</b>	334,202

(i) VAT payable is normally settled every quarter. During the year, the Government of Malta has issued a scheme in response of the Covid-19 pandemic for the deferral of indirect taxes. The Company has obtained this deferral and the balance is to be settled during the year ending 31 December 2021.

**16. CASH AND SHORT-TERM DEPOSITS**

Cash and cash equivalents included in the statement of cash flows comprise of the following items within the statement of financial position:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Cash at bank	<b>1,362</b>	2,000

**17. PARENT AND ULTIMATE CONTROLLING PARTY**

The immediate and ultimate parent company is Phoenicia Hotel (Lux) S.a.r.l. registered in Luxembourg. The ultimate controlling party is Mark Shaw, a British national residing in Edinburgh, Scotland.

**18. RELATED PARTY TRANSACTIONS AND BALANCES**

**Related party transactions**

The following table provides the total amount of transactions and balances with related parties for the relevant financial year:

The company forms part of a group together with other entities, namely Phoenicia Hotel Company Limited and Phoenicia Finance Company p.l.c., together referred to as “the Group”.

The Company has undertaken the following transactions with related parties:

		<b>Interest expense</b>	<b>Rental income</b>	<b>Net amounts from related party</b>	<b>Loan payable to related party</b>
Phoenicia Hotel Company Limited	<b>2020</b>	-	<b>2,325,000</b>	<b>1,840,193</b>	-
	2019	-	2,350,000	1,832,494	-
Phoenicia Finance Company p.l.c	<b>2020</b>	<b>1,275,420</b>	-	<b>385,723</b>	<b>24,570,336</b>
	2019	1,264,880	-	132,280	24,244,742

As disclosed in note 9 and note 14, the loans are also secured by a guarantee provided by a related party. Moreover, the Company has provided guarantees amounting to EUR825,994 (2019: EUR837,038) to a related party.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**19. CONTINGENT LIABILITIES**

A related company is in disagreement with the main contractor of the recent development of Phoenicia Hotel regarding certain differences between applications for payment made by the contractor and amounts that have been certified as due based on the assessment of a professional cost consultancy firm engaged by the Company since inception of the project. The company is also contesting claims for additional services from architects, involved in the same development, due to delays and additional expense caused by their execution of the services provided.

The Directors are of the opinion that no amounts are due, and accordingly, no provision is being made in the financial statements. Furthermore, the Company has a number of counter claims against the contractor and the architects relating to delays and defects, amongst others. Should amounts, if any, become payable, these will be partly recharged to the company.

**20. COMMITMENTS**

As at 31 December 2020, the Company had no significant capital commitments. As at 31 December 2019, the Company had capital commitments with respect to the development of property estimated at EUR1.3 million which were estimated predominantly by the Company's cost consultants.

As disclosed in note 9 and note 14, the Company has also provided the bank with guarantees over the assets of the Company.

**21. FINANCIAL RISK MANAGEMENT**

The Company's principal financial assets comprise of other receivables and cash and short-term deposits which arrive directly from its operations. The Company's main financial liabilities are interest-bearing loans and borrowings and trade and other payables. The main purpose of these financial liabilities is to raise finances for the Company's operations.

**Credit risk**

Financial assets which potentially subject the Company to concentrations of credit risk consist principally of other receivables and cash and short-term deposits

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Company considers that with the exception of the balances due from related parties (note 12), it is not exposed to major concentrations of credit risk.

The Company's short-term deposits are placed with quality financial institutions. Carrying amounts for other receivables are stated net of the necessary provisions which have been made against bad and doubtful debts in respect of which the Directors reasonably believe that recoverability is doubtful.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating, and coverage by letters of credit or other forms of credit insurance). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

The maximum exposures to credit risk are represented by the carrying amount of each financial assets as disclosed in note 12 and note 16.

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**21. FINANCIAL RISK MANAGEMENT - continued**

**Liquidity risk**

The presentation of the financial assets and liabilities under the present headings within the statement of financial position is intended to indicate the timing in which cash flows will arise.

The Company actively manages its risk of a shortage of funds by closely monitoring the maturity of its financial assets and liabilities and projected cash flows from operations

Repayments which are subject to notice are treated as if notice were to be given immediately. However, the Company does not expect the amounts due to related parties as disclosed in note 14 to be settled within one year.

The table does not reflect the expected cash flows. It summarises the maturity profile of the Company's financial liabilities at 31 December based on contractual undiscounted payments:

	<b>Carrying amount</b>	<b>Undiscounted contractual cash flows</b>	<b>Within one year</b>	<b>1 to 5 years</b>	<b>Over 5 years</b>
	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>
<b>31 December 2020</b>					
Interest-bearing loans and borrowings	46,489,241	60,351,675	4,113,641	14,143,604	42,094,430
Other liabilities	855,145	855,145	855,145	-	-
	<b>47,344,386</b>	<b>61,206,820</b>	<b>4,968,786</b>	<b>14,143,604</b>	<b>42,094,430</b>

	<b>Carrying amount</b>	<b>Undiscounted contractual cash flows</b>	<b>Within one year</b>	<b>1 to 5 years</b>	<b>Over 5 years</b>
	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>	<b>EUR</b>
<b>31 December 2019</b>

**Interest rate risk**

The interest rates on the borrowings are disclosed in note 14. The bank loan is subject to variable interest rates.

**PHOENICIA MALTA LIMITED**  
**Separate Financial Statements for the year ended 31 December 2020**

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**21. FINANCIAL RISK MANAGEMENT - continued**

**Interest rate sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Company's profit before tax.

	<b>Increase/decrease in basis points</b>	<b>Effect on profit before tax EUR '000</b>
<b>2020</b>	<b>+100</b>	<b>224</b>
	<b>-50</b>	<b>100</b>
2019	+100	225
	-50	113

Loan from subsidiary	22,512,780	1,750,000	128,092	(146,130)	24,244,742

**Capital management**

The primary objective of the Company's capital management is to ensure that it maintains a healthy capital ratio to support its business and maximise shareholder value.

The Company manages its capital structure and makes adjustments to it, in light of economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payments to shareholders, return capital to shareholders, issue new shares or adjust financing arrangements. No changes were made in the objectives, policies or processes during the years ended 31 December 2020 and 31 December 2019.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**22. FAIR VALUE MEASUREMENT**

IFRS 13 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Company's market assumptions. These two types of inputs have created the following fair value hierarchy:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

This hierarchy requires the use of observable market data when available. The Company considers relevant and observable market prices in its valuations where possible as outlined above. For assets and liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At 31 December 2020 and 2019, the carrying amounts of cash and short-term deposits, trade and other receivables, trade and other payables and current interest-bearing loans and borrowings approximated their fair value in view of the nature of the instruments or their short-term maturity.

The fair values of non-current interest-bearing loans and borrowings are estimated at 2% under their carrying amounts (2019: 4% above the carrying amount) in line with the change in the quoted price of the bond issued by a related company (level 2). As at 31 December 2020, the fair value was estimated at EUR24.0 million (2019: EUR25.2 million) when compared to the carrying amount of EUR24.5 million (2019: EUR24.2 million).

**23. EVENTS AFTER THE REPORTING PERIOD**

As Covid-19 pandemic evolves, the Government of Malta has continued to implement additional measures after year end to address the resulting public health issues and the economic impact. Since the end of the reporting year, the Government of Malta has also announced additional measures to assist the affected entities including the extension of wage supplement scheme, the extension of the moratoria granted under the Covid-19 guarantee Scheme by a further 6 months and further tax deferrals. The Company continues to monitor the situation and taking appropriate measures to minimise the impact of the Covid-19 pandemic and to continue operations.

## **INDEPENDENT AUDITOR'S REPORT**

to the Directors of Phoenicia Hotel Company Limited, Phoenicia Malta Limited and Phoenicia Finance Company P.L.C

### **Report on the audit of the combined financial statements**

#### **Opinion**

We have audited the combined financial statements of Phoenicia Hotel Company Limited, Phoenicia Malta Limited and Phoenicia Finance Company P.L.C (collectively referred to as the Reporting entity), set on pages 5 to 34, which comprise the combined statements of financial position as at 31 December 2020, and the combined statements of comprehensive income, the combined statements of changes in equity and the combined statements of cash flows for the year then ended, and notes to the combined financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying combined financial statements give a true and fair view of the combined financial position of the Reporting entity's as at 31 December 2020, and of its combined financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU ("IFRS").

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the Companies Act. Our responsibilities under those standards and under the Companies Act are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) as issued by the International Ethics Standards Board of Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act, Cap. 281 of the Laws of Malta, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Material uncertainty related to going concern**

We draw attention to note 2 in the financial statements, which describes the impact of the COVID-19 outbreak on the Reporting entity. Note 2 also explains the actions and plans of the Reporting entity along with the material uncertainty related to the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour. As stated in note 2, these events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Reporting entity's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

## **INDEPENDENT AUDITOR'S REPORT**

to the Directors of Phoenicia Hotel Company Limited, Phoenicia Malta Limited and Phoenicia Finance Company P.L.C

### **Responsibilities of the directors for the combined financial statements**

The directors are responsible for the preparation and fair presentation of the combined financial statements in accordance with IFRS and the requirements of the Companies Act, and for such internal control as the directors determine is necessary to enable the preparation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, the directors are responsible for assessing the Reporting entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Reporting entity or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the combined financial statements**

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these combined financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting entity's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Reporting Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the combined financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Reporting entity to cease to continue as a going concern.

## **INDEPENDENT AUDITOR'S REPORT**

to the Directors of Phoenicia Hotel Company Limited, Phoenicia Malta Limited  
and Phoenicia Finance Company P.L.C

### **Auditor's responsibilities for the audit of the combined financial statements - continued**

- evaluate the overall presentation, structure and content of the combined financial statements, including the disclosures, and whether the combined financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the combined financial information of the entities or business activities within the group to express an opinion on the combined financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTES TO THE FINANCIAL STATEMENTS****1. CORPORATE INFORMATION**

The combined financial statements include the combination of Phoenicia Malta Limited, Phoenicia Hotel Company Limited and Phoenicia Finance Company plc, together referred to as the 'Reporting entity' or 'the Companies' or 'the Group', for the year ended 31 December 2020.

The financial statements of Phoenicia Malta Limited, Phoenicia Hotel Company Limited and Phoenicia Finance Company p.l.c. for the year ended 31 December 2020 were authorised for issue by the Board of Directors on 28 April 2021.

Phoenicia Malta Limited is a limited liability company incorporated and domiciled in Malta under the Companies Act, Cap. 386 of the Laws of Malta. Its registered office is The Phoenicia Hotel, The Mall, Floriana, FRN 1478, Malta. The Company's principal activity is the owning and rental of its property (5-star hotel) to Phoenicia Hotel Company Limited.

Phoenicia Hotel Company Limited is registered in United Kingdom as a private company limited by shares, incorporated and domiciled in the UK. The Company is effectively operated and managed from Malta where it is registered as an overseas company with registration number OC1. Its registered office is Eversheds House 70, Great Bridgewater Street, Manchester M1 5ES, United Kingdom. The Company's principal activity is the operation of Phoenicia Hotel in Malta.

Phoenicia Finance Company plc is a public liability company incorporated and domiciled in Malta under the Companies Act, Cap. 386 of the Laws of Malta. Its registered office is The Phoenicia Hotel, The Mall, Floriana, FRN 1478, Malta. The Company's principal activity is that of acting as the financing arm of the Group and is thus dependent upon the operations and performance of Phoenicia Malta Limited and Phoenicia Hotel Company Limited.

**2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE**

The combined financial statements have been prepared as general-purpose financial statements which comply with the requirements of International Financial reporting standards as adopted by the EU.

The Companies are under common control and they have historically operated as combined entities under common management. The parent, Phoenicia Hotel (Lux) S.A.R.L., registered in Luxembourg, is exempt from the obligation to draw up and to publish consolidated accounts as it meets the small group exemption criteria. Moreover, Phoenicia Malta Limited and Phoenicia Hotel Company Limited are also the guarantors of a bond which was issued by Phoenicia Finance Company plc. The combined financial statements are also required in the context of Phoenicia Finance Company plc continuing listing obligations.

The combined financial statements have been drawn up on the basis of the financial statements of Phoenicia Malta Limited, Phoenicia Hotel Company Limited and Phoenicia Finance Company plc for the year ended 31 December 2020. The accounting policies of the Companies are consistent with the policies adopted by the Reporting entity. The results of the Group, including the parent and each of the combined entities, are not materially different from the results of the Reporting entity.

In preparing these combined financial statements the Reporting entity applied all consolidation procedures under IFRS, whereby all significant intercompany accounts and transactions between Phoenicia Malta Limited, Phoenicia Hotel Company Limited and Phoenicia Finance Company plc have been eliminated in the accompanying combined financial statements.

These financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the EU (IFRS). The financial statements are presented in Euro (EUR), which represents the functional and presentation currency of each of the combined entities. Apart from land and buildings, which are carried at fair value less depreciation, these financial statements are prepared under the historical cost convention.

**NOTES TO THE FINANCIAL STATEMENTS - continued****2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE - continued***Going concern*

During the year ended 31 December 2020, the Reporting entity incurred a loss before tax of EUR5,142,022 (2019: profit before tax of EUR844,790). The Reporting entity's current liabilities exceeded its current assets by EUR6,780,851 (2019: EUR3,752,593).

These financial statements have been prepared on a going concern basis. The Directors have made appropriate assessment of the going concern and reviewed the Reporting entity's budget for the next financial year. The Directors are confident that the Reporting entity has adequate resources to remain in operation for the foreseeable future and meet its liabilities when they fall due. The Directors have therefore continued to adopt the going concern basis of accounting in preparing these annual financial statements subject to the uncertainty noted in this section. The financial statements do not contain the adjustments that would result if the Reporting Entity was unable to continue as a going concern.

Since the first cases of COVID-19, the impacts arising from the pandemic have persisted throughout the year, resulting in continuous disruptions to the world economy. As disclosed in previous year's Combined Financial Statements issued by Phoenicia Finance Company p.l.c., the hotel has experienced a total curtailment of its business from March to June 2020 together with a substantial reduction in demand for the rest of the year. The hotel adapted to the situation to safeguard the financial health of the business, where management implemented cost cutting measures whilst ensuring that the hotel was prepared to welcome guests once restrictions were lifted. The Group has continued with the works relating to the completion of the Spa whilst also refreshing a number of locations within the Hotel. Towards the end of June 2020, the outlets re-opened and started serving guests once again with the main focus being the Bastion Pool and as from July 2020 the hotel started welcoming guests once again with the re-opening of the local airport. The new Spa, managed by the world-renowned French Spa operators, Deep Nature, also opened its door to guests toward the end of the year.

In response to impacts of the Covid-19 pandemic, the Government of Malta announced a number of measures to assist the affected entities and the Group has successfully obtained further finance to support working capital and liquidity requirements, amendments to existing loan facilities including a moratorium on capital and interest repayments, as well as other easing in support of the working capital and liquidity requirements of the Reporting entity (note 17). The Reporting entity is also in receipt of other Covid-19 business assistance programmes announced by the government, namely for wage supplements, deferral of taxes and other business assistance programmes as applicable. As at 31 December 2020, the Group had undrawn bank facilities amounting to EUR3.9 million.

The Reporting entity has prepared projections for the upcoming 12 months and beyond, based on historical financial information, forecasts, as well as realistic assumptions to assess the financial situation. In preparing its projections the Group has considered prolonged cost cutting measures and has also considered prudent timing and constant recovery of business. Further mitigations are also available to management against unforeseen developments including effecting further cost cutting measures that can be put in place.

Notwithstanding this, in the current prevailing circumstances of the Covid-19 pandemic, management considers a material uncertainty exists that may cast significant doubt on the Reporting Entity's ability to continue as a going concern. The material uncertainty identified by the Directors is the length of the recovery period leading to normality which is impacted by the duration of restrictions on global travel imposed by governments and the potential longer-term impact thereof on customer behaviour.

Due consideration is given to this uncertainty and mitigating factors are being taken into consideration in order to ensure the going concern of the Reporting Entity.

**NOTES TO THE FINANCIAL STATEMENTS - continued****2.1 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES****Standards, interpretations and amendments to published standards as endorsed by the European Union effective in the current year**

The accounting policies adopted are consistent with those of the previous financial year, except for the following amendments to IFRS effective during the year:

- Amendment to IFRS 16: Leases Covid 19: Related Rent Concessions
- Amendments to IFRS 3: Business Combinations
- Amendments to IFRS 9, IAS 39 and IFRS17: Interest Rate Benchmark Reform
- Amendments to IAS 1 and IAS 8: Definition of Material
- Amendments to References to the Conceptual Framework in IFRS Standards

The adoption of these standards, where applicable, did not have significant impact on the financial statements or performance of the Reporting entity.

**Standards, interpretations and amendments to published standards as adopted by the EU which are not yet effective**

Up to date of approval of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but which are not yet effective for the current reporting year and which the Reporting entity has not early adopted but plans to adopt upon their effective date. The new and amended standards follow:

- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Interest Rate Benchmark Reform – Phase 2 (effective for financial year beginning on or after 1 January 2021)
- Amendments to IFRS 4: Insurance Contracts – Deferral of IFRS19 (effective for financial year beginning on or after 1 January 2021)

The reporting entity is still assessing the impact that the IBOR reform will have on the financial statements. The amendments to IFRS 4 are not expected to impact the Reporting entity's operations. The Reporting entity will adopt the changes in standards, where applicable, on their effective date.

**Standards, interpretations and amendments to published standards that are not yet adopted by the European Union**

- IFRS 17: Insurance Contracts, including Amendments to IFRS 17 (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 1: Presentation of Financial Statements: Classification of Liabilities as Current or Non-current and Classification of Liabilities as Current or Non-current - Deferral of Effective Date
- Amendments to IFRS 3: Business Combinations (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 16: Property, Plant and Equipment (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 37: Provisions, Contingent Liabilities and Contingent Assets (effective for financial years beginning on or after 1 January 2022)
- Amendments to Annual Improvements 2018-2020 (effective for financial years beginning on or after 1 January 2022)
- Amendments to IAS 1: Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies (effective for financial years beginning on or after 1 January 2023)
- Amendments to IAS 8: Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates (effective for financial years beginning on or after 1 January 2023)

The Reporting entity is still assessing the impact that these new standards may have on the financial statements.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Revenue**

Revenues include all revenues from the ordinary business activities of the Reporting entity and are recorded net of value added tax. Discounts to customers are recognised as a reduction in revenue. They are recognised in accordance with the provision for goods or services provided that collectability of the consideration is probable.

Revenue mainly represents income earned for accommodation and catering services. Revenue from accommodation is recognised over a period of time whereas revenue from catering and other services is recognised at a point in time. Service revenue is recognised when services have been rendered and collectability is reasonably assured.

The Reporting entity considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., warranties, customer loyalty points). In determining the transaction price for the sale, the Reporting entity considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any). The performance obligation is to provide hospitality and leisure services as and when customers make use of the services. The transaction price follows a fee structure which is known at the date of booking or consumption of service and thus no significant estimates are required in this respect.

*Contract balances*

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Reporting entity performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

A contract liability is the obligation to transfer goods or services to a customer for which the Reporting entity has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Reporting entity transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Reporting entity performs under the contract.

**Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

**NOTES TO THE FINANCIAL STATEMENTS - continued****3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued****Foreign currency transactions***Functional and presentation currency*

These financial statements are presented in Euro ('EUR'), the currency of the primary economic environment in which that Reporting entity operates.

*Transactions and balances*

Transactions in foreign currencies have been converted into Euro at the rates of exchange ruling on the day of the transaction. Monetary assets and liabilities denominated in foreign currencies have been translated into Euro at the rates of exchange ruling at the reporting date. All resulting differences are taken to the statement of comprehensive income.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value of the item (i.e., translation difference on items whose fair value gain or loss is recognised in other comprehensive income or profit or loss are also recognised in other comprehensive income or profit or loss, respectively).

**Property, plant and equipment**

Property, plant and equipment, excluding land and buildings, are stated at historical cost less accumulated depreciation and accumulated impairment losses.

Land and buildings are measured at fair value less accumulated depreciation and impairment losses recognised after the date of revaluation. Valuations are performed with sufficient frequency to ensure that the carrying amount of a revalued asset does not differ materially from its fair value.

A revaluation surplus is recorded in other comprehensive income and credited to the asset revaluation reserve in equity. However, to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss, the increase is recognised in profit and loss. A revaluation deficit is recognised in the statement of profit or loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation surplus.

An annual transfer from the asset revaluation reserve to retained earnings is made for the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost. Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred within equity to retained earnings.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Property, plant and equipment - continued**

Subsequent costs are included in the asset's carrying amount when it is probable that future economic benefits associated with the item will flow to the Reporting entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account during the financial period in which they are incurred.

Depreciation is provided on a straight-line basis to write off the cost of property, plant and equipment less any residual value over the expected useful lives. The annual rates used for this purpose, which are consistent with those used in the previous year, are as follows:

Buildings (including fixtures)	-	15 - 50 years
Plant, machinery and other equipment	-	3 - 15 years
Crockery, utensils and linen	-	3 - 15 years

The depreciation method applied and the useful life are reviewed, and adjusted if appropriate, at the end of each reporting year. Depreciation of an asset ceases when the asset is either classified as held for sale or derecognised. Assets in the course of construction are not depreciated.

Property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from their use or disposal. Gains or losses arising from derecognition represent the difference between the net disposal proceeds, if any, and the carrying amount of the asset. These are included in the statement of comprehensive income in the year of derecognition.

**Inventories**

Inventories are stated at the lower of cost and net realisable value. The cost of inventories comprises the direct invoiced cost. Net realisable value is the estimate of the selling price in the ordinary course of business, less the selling expenses.

**Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

***Financial assets***

***Initial recognition and measurement***

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Reporting entity's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Reporting entity has applied the practical expedient, the Reporting entity initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial instruments - continued**

*Financial assets - continued*

*Subsequent measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

*Financial assets at amortised cost (debt instruments)*

This category is the most relevant to the Reporting entity. The Reporting entity measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

*Financial assets at fair value through OCI (debt instruments)*

The Reporting entity measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling
- and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial instruments - continued**

*Financial assets - continued*

*Financial assets designated at fair value through OCI (equity instruments)*

Upon initial recognition, the Reporting entity can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Reporting entity benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

*Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

*Derecognition*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired
- or
- The Reporting entity has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Reporting entity has transferred substantially all the risks and rewards of the asset, or (b) the Reporting entity has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Reporting entity has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Reporting entity continues to recognise the transferred asset to the extent of its continuing involvement.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial instruments - continued**

*Financial assets - continued*

*Impairment of financial assets*

The Reporting entity recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Reporting entity expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Reporting entity applies a simplified approach in calculating ECLs. Therefore, the Reporting entity does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The 12-month ECL is calculated by multiplying the 12-month PD, LGD, and EAD. Lifetime ECL is calculated on a similar basis for the residual life of the exposure.

**Financial liabilities**

*Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

*Subsequent measurement*

The measurement of financial liabilities depends on their classification, as described below:

*Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Reporting entity that are not designated as hedging instruments in hedge relationships as defined by IFRS 9.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Financial instruments - continued**

*Financial liabilities - continued*

*Loans and borrowings*

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**Cash and cash equivalents**

Cash and cash equivalents in the statement of financial position comprise cash at bank and short-term deposits.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents with an original maturity of three months or less, net of outstanding bank overdrafts.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**Taxes**

*Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

*Deferred income tax*

Deferred income tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that there will be taxable profit against which a deductible temporary difference can be used, unless the deferred tax asset arises from the initial recognition of an asset or liability that is not from a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

*Value added tax*

Revenues, expenses and assets are recognised net of the amount of value added tax except:

- where the value added tax incurred in the purchase of assets or services is not recoverable from the taxation authority, in which case the value added tax is recognised as part of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of value added tax included.

The net amount of value added tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

**Grants**

Grants are not recognised until there is reasonable assurance that the entity will comply with the conditions attached and that the grants will be received.

Grants in respect of fixed assets are credited to the profit and loss account in equal annual instalments over the useful lives of the assets concerned. Other grants are credited to the profit and loss account in the same year as the expenditure to which they contribute.

**NOTES TO THE FINANCIAL STATEMENTS - continued****3.1. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS**

In preparing the financial statements, the Directors are required to make judgements, estimates and assumptions that affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates. Actual results in the future could differ from such estimates and the differences may be material to the financial statements. These estimates are reviewed on a regular basis and if a change is needed, it is accounted in the year the change becomes known.

In the opinion of the management, the accounting estimates, assumptions and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as significant in terms of the requirements of IAS 1 (revised) - 'Presentation of financial statements', except as disclosed below.

**Deferred tax assets**

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the tax losses and unabsorbed capital allowances can be utilised.

Judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits, together with future tax planning strategies. In exercising its judgement management has taken into account budgets and the ability to carry forward losses for offset indefinitely.

**Deferred tax liability**

The Reporting entity's own-used Land and buildings within Property, plant and equipment is measured at Revalued amounts under IAS16. In the financial statements of Phoenicia Malta Limited, these Land and buildings were classified as Investment Property at fair value, and the resulting deferred tax liability was measured on the basis that the value of these assets will be recovered through sale (rather than through use) under the rebuttable presumption in IAS40. In Malta the income tax rate applicable to benefits generated through operating the asset (recovery through use) is 35%, while that applicable on sale of property is 8% on the sales proceeds.

Judgement is required in preparing these combined financial statements to determine whether the Reporting entity will recover the value of the Land and Building through use or through sale, or partially through use and sale. In making this assessment, management made an estimation of the amount relating to non-depreciable assets, being land carried at Fair Value, where the deferred tax on revaluation assumes recovery through sale (as it cannot be recovered through use). For the depreciable portion, an estimation of the period over which management expects to recover the Property, Plant and Equipment through use was made. Management assumes that Property, plant and equipment will be recovered through use for fifteen (15) years in line with the latest plans of the Reporting entity whereas the remaining balance beyond this period of use is assumed to be recovered through sale. There were no changes to the period over which Property, plant and equipment will be recovered through use, during the current year.

**Revalued amount of property, plant and equipment**

The Reporting entity carries its Land and buildings within Property, plant and equipment at revalued amount, with changes in the revalued amount being recognised in the statement of other comprehensive income in accordance with IAS 16, 'Property, Plant and Equipment'. This is based on valuations performed at least every two years. The last market valuation was performed in 2020 (note 10).

In the years where a valuation is not obtained, management verifies all major inputs used in the previous valuation report, by assessing the discount rate and the capitalisation rate against changes in discount and growth rates, as well as assessing the results achieved against the cash flow and earnings assumption used in the previous valuation. Based on these analyses management assesses whether any changes in inputs would lead to significant changes in value of the property

## 9. INCOME TAX CREDIT

The tax for the year is made up as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Current tax	<b>19,125</b>	19,764
Deferred tax (note 11)	<b>(2,234,709)</b>	(64,553)
Income tax credit	<b>(2,215,584)</b>	(44,789)

The taxation on the Reporting entity's profits differs from the standard rate of Malta tax that would arise using the basic tax rate applicable as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Loss before tax	<b>(5,142,022)</b>	844,790
Theoretical tax at the applicable 35% rate	<b>(1,799,707)</b>	295,677
<i>Tax effect of:</i>		
- expenses not deductible for tax purposes	<b>61,086</b>	60,711
- other income not subject to tax	<b>(158,137)</b>	(116,398)
- other rates of tax	<b>(318,826)</b>	(284,779)
Income tax credit	<b>(2,215,584)</b>	(44,789)

*Income tax in other comprehensive income*

The tax impact, which is entirely attributable to deferred taxation, relating to the revaluation of land and buildings (note 10) recorded in other comprehensive income and accordingly presented directly in equity as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Revaluation gain on property, plant and equipment (note 10)	<b>3,772,712</b>	-
Deferred tax	<b>(744,232)</b>	-
Revaluation of property, plant and equipment net of tax	<b>3,028,480</b>	-

Had land and buildings not been included in the financial statements at revaluation less accumulated depreciation, the carrying amount as at 31 December 2020 would have been EUR29,464,237 (2019: EUR30,187,645).

As disclosed in note 16, at 31 December, the Reporting entity had creditors for capital expenditure amounting to EUR1,171,223 (2019: EUR1,171,223).

The loan facilities are secured by a general hypothec of EUR18.9 million (2019: EUR19.1 million) over the assets of Phoenicia Malta Limited and a special hypothec of EUR18.9 million (2019: EUR19.1 million) over the land and buildings of Phoenicia Malta Limited.

In 2020 and 2019, there were no borrowing costs arising from bank and other borrowings capitalised within land and buildings.

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**10. PROPERTY, PLANT AND EQUIPMENT - continued**

**Revalued amount**

Phoenicia Malta's property comprises a hotel building ('sites in operation') and its surrounding lands ('other sites').

The prior valuation of the property had been obtained as of 29 October 2018. This valuation was prepared by an external, independent and qualified architects and the value for both the sites in operation and the other sites was determined by the application of a market-derived capitalisation rate to the annual earnings to establish the present value of the income stream associated with each asset. A capitalisation rate of 7% was applied to the company's annual earnings to derive the fair value of the sites in operation whilst a capitalisation rate of 25% was applied to derive the revalued amount of the other sites. An implicit assumption in this method is that the cash flow is perpetuity and the discount rate is a constant.

As at 31 December 2020, the valuation technique of the sites in operation was changed in the context of the sudden operative disruptions and uncertainties caused by the Covid-19 pandemic, whereby a valuation technique which considers the medium to long-term projection was deemed to be more appropriate in the circumstances to reflect the impact of the Covid-19 pandemic.

The revalued amount of the sites in operation was determined by management based on a multi-period projection and Discounted Cash Flow ('DCF') model. The value of the other sites was determined similar to the prior valuation based on the application of a market derived capitalisation rate to the annual earnings. Revaluation gains are credited to other comprehensive income.

**Valuation process**

The company engages internal personnel to determine the fair value of the investment property. At the date of the valuation, management:

- verifies all major inputs in the valuation
- assess property valuation movements when compared to the prior year valuation reports

In the years where a valuation is not obtained, management verifies all major inputs used in the previous valuation report, by assessing the discount rate and the capitalisation rate against changes in discount and growth rates, as well as assessing the results achieved against the cash flow and earnings assumption used in the previous valuation. Based on these analyses management assesses whether any changes in inputs would lead to significant changes in value of the property (note 3.1).

**Sites in operation**

In the valuation of the sites in operation, management considered a 10-year (2021-2030) DCF model, with a terminal value calculation, considering a long-term growth rate assumption. Management expected to return to the pre- Covid-19 pandemic level of activity in 2023. The model also considers a discount rate of 10%.

The discount rate and the cash flows have been determined to be significant unobservable inputs. The lower the discount rate, the higher the fair value. Conversely, the lower the cash flows, the lower the fair value. An analysis of the impact of a reasonable change in the significant unobservable inputs on the fair value of the property is included below:

	<b>Change</b>	<b>Change in value EUR' million</b>
Cash flows	One-year delay (i)	(9)
Discount rate	9% / 11%	13 / (10)

- (i) The cash flow sensitivity analysis considers a return to the pre- Covid-19 pandemic level in 2024 being a one-year delay from the base cash flows.

## NOTES TO THE FINANCIAL STATEMENTS - continued

## 10. PROPERTY, PLANT AND EQUIPMENT - continued

*Other sites*

In the valuation of the other sites, management derived the fair value by the application of a capitalisation rate of 25% to the company's annual earnings.

The capitalisation rate and the annual earnings have been determined to be significant unobservable inputs. The lower the capitalisation rate, the higher the fair value. Conversely, the lower the annual earnings, the lower the fair value. An analysis of the impact of a reasonable change in the significant unobservable on the fair value of the property is included below:

	Change in Rate	Change in value EUR' million
Capitalisation rate	20% / 30%	3 / (2)
Annual earnings	+10% / -10%	1 / (1)

**Fair value hierarchy**

The value determined by the architects assumes that the development of the property under construction is complete. Accordingly, the value was adjusted for the estimated costs to complete the development of the property under construction.

The property is categorised under level 3 of the fair valuation hierarchy. The different levels in the fair value hierarchy are defined as follows:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The Reporting entity's policy is to recognise transfers into and out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There were no transfers between levels during the year.

## 11. DEFERRED TAX

Deferred income tax at 31 December relates to the following:

	2020 EUR	2019 EUR
<i>Deferred tax asset is attributable to the following:</i>		
- unutilized tax losses and capital allowances	5,093,170	2,899,854
- excess of capital allowances over depreciation	71,853	51,825
- allowances for impairment	28,561	23,312
- expected credit losses	4,681	4,681
	5,198,265	2,979,672
<i>Deferred tax liability is attributable to the following:</i>		
- Land and buildings	(5,505,534)	(4,761,292)

**NOTES TO THE FINANCIAL STATEMENTS - continued**

**11. DEFERRED TAX – continued**

Management made an estimation of the depreciable portion i.e. an estimation of the period over which management expects to recover the Property, Plant and Equipment through use with the remaining balance assumed to be recovered through sale. In Malta the income tax rate applicable to benefits generated through operating the asset (recovery through use) is 35%, while that applicable on sale of property is 8% on the sales proceeds.

The Directors have assessed the recognition of the deferred tax asset and they are confident that the deferred taxation recognised in the financial statements will be realised in the foreseeable future through trading operations. Tax losses and unabsorbed capital allowances do not expire under Maltese legislation.

**12. INVENTORIES**

	<b>2020</b>	2019
	<b>EUR</b>	EUR
Catering and bar supplies	<b>76,535</b>	115,138
Hotel consumables	<b>73,322</b>	82,336
	<b>149,857</b>	197,474

**13. TRADE AND OTHER RECEIVABLES**

	<b>2020</b>	2019
	<b>EUR</b>	EUR
<b>Non-current</b>		
Other receivables (note ii)	<b>50,000</b>	50,000
<b>Current</b>		
Trade receivables (note i)	<b>88,030</b>	563,300
Other receivables	<b>21,603</b>	55,035
Prepayments for administrative expenses	<b>133,684</b>	115,975
	<b>524,217</b>	734,310

(i) Trade receivables are presented net of a provision for impairment of EUR66,604 (2018: EUR66,604). No interest is charged on trade and other receivables. As at 31 December, the ageing analysis of trade receivables is as follows:

	Total EUR	Neither past due nor impaired			Past due but not impaired EUR
		0-30 days EUR	30-60 days EUR	61-90 days EUR	
<b>2020</b>	<b>88,030</b>	<b>20,854</b>	<b>3,714</b>	<b>63,462</b>	-
2019	563,300	192,642	84,222	286,436	-

(ii) Other non-current receivables include guarantee payments which will be released once the development of property is complete.

# PHOENICIA

## Combined Financial Statements for the year ended 31 December 2020

---

### NOTES TO THE FINANCIAL STATEMENTS - continued

#### 14. CASH AND CASH EQUIVALENTS

Cash and cash equivalents included in the statement of cash flows comprise the following statement of financial position amounts:

	2019 EUR	2019 EUR
Cash at bank and in hand	<b>93,447</b>	1,198,026

---

The Reporting entity has an overdraft facility of EUR600,000 (2019: EUR600,000) for working capital requirements, which is secured by a general hypothec over the assets of Phoenicia Hotel Company Limited and a special hypothecary guarantee of EUR600,000 (2019: EUR600,000) given by Phoenicia Malta Limited over its land and buildings.

#### 15. ISSUED CAPITAL AND RESERVES

##### Ordinary shares

	Phoenicia Malta Limited EUR	Phoenicia Hotel Company Limited EUR	Total as at December EUR
Authorised ordinary shares:			
9,999 Ordinary shares 'A' of EUR1 each	9,999	-	9,999
1 Ordinary share 'B' of EUR1	1	-	1
16,000 ordinary shares of 0.25 GBP each	-	9,318	9,318
Total authorised ordinary shares	<b>10,000</b>	<b>9,318</b>	<b>19,318</b>
Issued and fully paid up:			
4,999 Ordinary shares 'A' of EUR1 each	4,999	-	4,999
1 Ordinary share 'B' of EUR1	1	-	1
14,400 ordinary shares of 0.25 GBP each	-	8,386	8,386
Total issued and fully paid up ordinary shares	<b>5,000</b>	<b>8,386</b>	<b>13,386</b>

---

Holders of Ordinary shares 'A' have the right to vote and receive dividend whilst holders of Ordinary shares 'B' have the right to vote without the right to receive dividend.

##### Deferred shares

The authorised, issued and fully paid up deferred shares of EUR838,574 are made up of 1,440,000 deferred shares of GBP 0.25 each.

Deferred shares are not entitled to dividends and carry no voting rights. On winding up, holders of deferred shares are entitled to repayment of capital, after the capital had been repaid in full to the holders of ordinary shares. Holders of deferred shares are not entitled to participate in any further surplus arising on winding up.

##### Revaluation reserve

The revaluation reserve represents unrealised revaluation gains on Land and buildings within Property, plant and equipment, net of tax that are not available for distribution.

##### Retained earnings

Retained earnings represent accumulated retained profits that are available for distribution to the Reporting entity's shareholders.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**17. INTEREST-BEARING LOANS AND BORROWINGS - continued**

The Reporting entity has the following facilities:

- (i) Bank loan facilities of EUR21,166,682 (EUR2019: EUR21,406,960) bearing an average interest of 2.80% (2019: 2.84%) (minimum rate) plus 3 months EURIBOR per annum. The loan facilities are secured by a general hypothec for EUR18.9 million (2019: EUR19.1 million) over all the assets of Phoenicia Malta Limited. The facilities are also secured by a special hypothec of EUR18.9 million (2019: EUR19.1 million) on Phoenicia Malta Limited land and buildings. The loans are also secured by a general hypothecary guarantee of EUR18.9 million (2019: EUR19.1 million) provided by Phoenicia Hotel Company Limited.
- (ii) During the year ended 31 December 2020, the Company obtained a facility of EUR6 million from the bank to cover shortfall in operating cashflow arising from the Covid-19 pandemic. The facility benefits from the support of the Government of Malta by means of a capped portfolio guarantee and is eligible for an interest rate subsidy of 2.4% for the first two years. This facility bears a fixed interest rate of 2.5% for the first 2 years plus guarantee fee.
- (iii) These bank loans bear an interest rate of 3.5% per annum over the bank’s base rate and are secured by a general hypothec of EUR225,944 (2019: EUR237,038) over the assets of Phoenicia Hotel Company Limited and a special hypothecary guarantee of EUR225,944 (2019: EUR237,038) given over the Land and buildings of Phoenicia Malta Limited.
- (iv) The Unsecured Bonds are disclosed at the value of the proceeds less the unamortised balance of the issue costs, as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR
<i>Non-current</i>		
Bonds	<b>25,000,000</b>	<b>25,000,000</b>
Issue costs	<b>(605,698)</b>	<b>(605,698)</b>
Accumulated amortisation	<b>232,231</b>	<b>117,140</b>
	<b>24,626,533</b>	<b>24,511,442</b>

Unless previously purchased and cancelled, the Unsecured Bonds will be redeemed at their nominal value (together with interest accrued up to the date fixed for redemption) on 15 December 2028 provided that Phoenicia Finance Company p.l.c. reserves the right to redeem all the Unsecured Bonds on any one of the Early Redemption Dates, that is, 15 December 2023, 15 December 2024, 15 December 2025, 15 December 2026 or 15 December 2027, subject to Phoenicia Finance Company p.l.c. giving at least 60 days’ notice in writing to all Bondholders of its intention to effect such earlier redemption.

The Unsecured Bonds are subject to a fixed interest rate of 4.15%. The quoted market price as at 31 December 2020 for the Unsecured bonds was EUR 98.00 (2019: EUR103.90).

- (v) There have been no breaches of the financial covenants of any interest-bearing loans and borrowings in the current period.

The non-current interest-bearing loans and borrowings are analysed as follows:

	<b>2020</b>	2019
	<b>EUR</b>	EUR

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**18. FINANCIAL COMMITMENTS**

As at 31 December 2020, the Reporting entity had no significant capital commitments. As at 31 December 2019, the Reporting entity had capital commitments with respect to the development of property estimated at EUR1.3 million which were estimated predominantly by the Reporting entity’s cost consultants.

Collateral provided to the Bank by the Companies are disclosed in notes 14 and 17.

**19. FAIR VALUE MEASUREMENT**

IFRS 13 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Reporting entity’s market assumptions. These two types of inputs have created the following fair value hierarchy:

- **Level 1** – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2** – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- **Level 3** – Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

This hierarchy requires the use of observable market data when available. The Reporting entity considers relevant and observable market prices in its valuations where possible as outlined above. For assets and liabilities that are recognised at fair value on a recurring basis, the Reporting entity determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At 31 December 2020 and 2019 the carrying amounts of cash and cash equivalents, trade and other receivables, trade and other payables and current interest-bearing loans and borrowings approximated their fair values in view of the nature of the instruments or their short-term maturity (level 2). The fair values of non-current bank loans are not materially different from their carrying amounts particularly due to re-pricing (level 2). The fair values of non-current unsecured bonds can be defined by reference to the quoted market price (level 1) which as at 31 December 2019 was EUR103.90 (2018: EUR104.15). The fair value is estimated at EUR 25.975 million when compared to the carrying amount of EUR 24.55 million.

**20. RELATED PARTY TRANSACTIONS AND BALANCES**

Note 23 provides information about the Reporting entity’s structure, including details of the parent and ultimate parent company.

The following table provides the total amount of transactions and balances with related parties for the relevant financial year:

		<b>Purchases from related party</b>	<b>Amounts owed to related party</b>
<b>Related parties</b>			
<i>Hazledene Group Limited</i>	<b>2020</b>	<b>110,353</b>	<b>(13,088)</b>
	2019	115,386	(9,000)

*Hazledene Group Limited*

Hazledene Group Limited is an entity in which the shareholders of the Companies have an interest. During the year the Reporting entity entered into transactions with this party for an expense of an administrative nature.

*Key management personnel*

Amounts payable to key management personnel as disclosed in note 7 as ‘Directors remuneration’.

**NOTES TO THE FINANCIAL STATEMENTS – continued**

**21. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Reporting entity’s activities may expose it to the various types of risks: market risk (interest rate risk), credit risk and liquidity risk.

**Credit risk**

Financial assets which potentially subject the Reporting entity to concentrations of credit risk consist principally of trade and other receivables and cash and cash equivalents.

The exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Reporting entity is not exposed to major concentrations of credit risk.

The Reporting entity’s short-term deposits are placed with quality financial institutions. Carrying amounts for trade and other receivables are stated net of the necessary provisions which have been made against bad and doubtful debts in respect of which the Directors reasonably believe that recoverability is doubtful.

The maximum exposure to credit risk is represented by the carrying amount of each financial assets as disclosed in note 13 and note 14.

**Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rates on the borrowings are disclosed in note 17.

**Interest rate sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Reporting entity’s profit before tax.

	<b>Increase/decrease in basis points</b>	<b>Effect on profit before tax EUR ‘000</b>
<b>2020</b>	<b>+100</b>	<b>(292)</b>
	<b>-50</b>	<b>56</b>
<b>2019</b>	<b>+100</b>	<b>(228)</b>
	<b>-50</b>	<b>112</b>

**Liquidity risk**

Liquidity risk is the risk that the Reporting entity is unable to meet its payment obligations associated with its financial liabilities when they fall due.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through adequate amount of committed credit facilities.

The Reporting entity actively manages its risk of a shortage of funds by closely monitoring the maturity of its financial assets and liabilities and projected cash flows from operations. The Directors believe, that the current liability position can be redressed as detailed in Note 2 Going concern.

The presentation of the financial assets and liabilities listed above under the current and non-current headings within the statement of financial position is intended to indicate the timing in which cash flows will arise.

**Changes in liabilities arising from financing activities**

*Bank loans and other loans*

	<b>1 January 2020 EUR</b>	<b>Cash flows EUR</b>	<b>Accrued interest EUR</b>	<b>31 December 2020 EUR</b>
<b>2020</b>	<b>46,844,632</b>	<b>2,469,212</b>	<b>611,359</b>	<b>49,925,203</b>
2019	48,590,511	(1,705,597)	(40,282)	46,844,632

**Capital management**

The Reporting entity's objectives when managing capital are to safeguard its ability to continue as a going concern and to maximise the return to stakeholders through the optimisation of the debt and equity balance.

The primary objective of the Reporting entity's capital management is to ensure that it maintains adequate capital to support its operations. The Reporting entity's Directors manage the Reporting entity's capital structure and make adjustments to it, in light of changes in economic conditions. The capital structure is reviewed on an ongoing basis.

To maintain or adjust its capital structure, the Reporting entity may adjust its borrowings. There were no changes in the Reporting entity's approach to capital management during the year.

**NOTES TO THE FINANCIAL STATEMENTS - continued****22. CONTINGENT LIABILITIES**

The Reporting entity is in disagreement with the main contractor of the recent development of Phoenicia Hotel regarding certain differences between applications for payment made by the contractor and amounts that have been certified as due based on the assessment of a professional cost consultancy firm engaged by the Reporting entity since inception of the project. The Reporting entity is also contesting claims for additional services from architects, involved in the same development, due to delays and additional expense caused by their execution of the services provided.

The Directors are of the opinion that no amounts are due, and accordingly, no provision is being made in the financial statements. Furthermore, the Reporting entity has a number of counter claims against the contractor and the architects relating to delays and defects, amongst others.

**23. PARENT AND ULTIMATE CONTROLLING PARTY**

The immediate and ultimate parent company is Phoenicia Hotel (Lux) S.a.r.l. registered in Luxembourg. The ultimate controlling party is Mark Shaw, a British national residing in Edinburgh, Scotland.

**24. EVENTS AFTER THE REPORTING PERIOD**

As Covid-19 pandemic evolves, the Government of Malta has continued to implement additional measures after year end to address the resulting public health issues and the economic impact. Since the end of the reporting year, the Government of Malta has also announced additional measures to assist the affected entities including the extension of wage supplement scheme, the extension of the moratoria granted under the COVID-19 guarantee Scheme by a further 6 months and further tax deferrals. The Reporting entity continues to monitor the situation and taking appropriate measures to minimise the impact of the Covid-19 pandemic and to continue operations.
